

SI DRAFT SAYS

Si Draft says you may be born with a head full of ideas, but if you don't open your mouth and let 'em out, nobody ever knows nothin' about it. If you got an idee you're goin' to get somethin' for nothin'—you jest as well keep your mouth shut up, 'cause that ain't no real idee—that's a night mare you've had.

A green aphid is the only thing I know of that get's somethin' fer nothin' and he jest helps himself—but human bein's can't get by with that kind of stuff in this world, an I'm not committin' myself about the next one.

But you know there are times, if you've got your eyes open you can get in on what they call the "inside"—and by jove take it from old Si, them boys down there at the "Big Hardware Store" hev sure got clear inside next to the liver on that there Aluminum stuff they're puttin' in their windows every week or so.

They tell me Aluminum was just took another jump of 12½ per cent and they've got a lot bought to come along to them in little sprinkles a few at a time, for the whole year and every one will be sold for less than they can buy them for nowadays. If you don't believe it watch their windows—see that good size every day roaster for \$1.79—it's sure a value for these here war times.

And them Ideal Cookers that steam and cook and roast and can fry and boil and sizzle are jest the thing a feller needs these days when wimmin are busy bein' elevator boys, red cross nurses and truck drivers, etc.—they sure do the work and save lots of time.

That "Paint Man" Baker, is countin' on havin' a good time on Friday and Saturday, June 28 and 29, for he was tellin' me that they was goin' to have a Chi-Namel demonstrator there from the factory, to show people how to grain, and do all kinds of stunts with Chi-Namel Varnish and Stains—the kind I got for my turniture. She's a good

lookin' lady by the way, I know I'll want to buy some more Chi-Namel when she shows me just how to use it.

If you think much of your old cows, just take a little money and drop in there at Larkin-Prince and get a little of that Conker's dope and you'll keep them shoed off the cows and they'll roll you down more of the milk for the kiddies.

I see Dan Gilbert is goin' to sell one of his "milk kids" for the Red Cross on the fourth of July at that Red Cross auction. I always knowd Dan's heart was in the right place—Conkey's Fly Kicker is good for goats too.

Last week I blowed myself for one of them 69 cent special knives there at Larkin-Prince and the blamed thing was so sharp that I'm afraid to carry it for awhile till it gets duller, so I jest keep it layin' on the mantle for ready use—some real stuff for the money I guess.

The boys at Larkin-Prince Hardware Co. don't claim to give you somethin' for nuthin' but I'm tellin' you right when I say they'll give you 100 cents worth of merchandise and a lot of good service and satisfaction throwed in on the deal for every dollar you spend with them. Ask them the prices on stuff before you buy anywhere's else these days.

You Know Carlton

A good time, good refreshments and good music by the Novelty Orchestra is the program for the Honor Guard Girls dance for the benefit of the Red Cross at Carlton on June 21. The boys in their fifties (or near it) are expected to fill the places of the boys in their twenties, who are now "doing their bit" in the cause of democracy, "over there."

The date: June 21, 1918. The time: Sundown to Sunup. The place: Carlton. YOU KNOW CARLTON. 37-1t

FERNWOOD

Mrs. D. A. Jones is visiting friends in Portland this week.

Wm. Dailey went to Portland Friday to spend a few days with relatives.

We are glad to note that M. J. Jones and family are again residents of Fernwood.

Quite a number of our young people went to LaFayette Locks for a picnic Sunday.

Miss Carrie Hobson went to West Timber Wednesday of last week to visit her sister, Mrs. Arthur Baird.

We learn that Harry Baker, a former Fernwood boy now of Kelso, Washington, is the happy father of twin girls. Congratulations are in order.

Ed Parrish, a former resident of Fernwood, and father of Mrs. Hugh Renne, with his wife has been greeting relatives and old time friends in this vicinity for the past week.

The continued dry weather is injuring the gardens and grain, but as we are enjoined to always "look on the bright side" let us be thankful that early cherries are not splitting and the clover hay is being secured without molding.

MOUNTAIN TOP

Bert Debolt and family have moved to Tacoma, Wash.

J. A. Brunson went to Portland on business last Friday, returning Sunday.

Howard Brunson attended the commencement exercises at Philomath College last Wednesday.

Louis Upchurch who was taken in the last draft call was rejected and has returned to Mountain Top.

The annual election of this school district was held at the schoolhouse Monday, June 15th. E. Guenther was elected director and L. T. Proctor clerk.

The Young People's alliance held a business meeting at Ernest Guenther's last Friday night. After the business had been transacted the balance of the evening was spent in a social time.

Howard Brunson was in McMinnville Tuesday of last week

collecting bounties on gophers and moles. Young Brunson has used his spare time very profitably, having caught nearly 150 gophers and moles during the past year.

At last the Mountain Top church has a pastor in the person of Rev. C. H. Lucal, of Portland. He is substitute for Rev. H. Albright who has been unable to report. The announcements for next Sunday are as follows. Sunday school at 10:30, church service at 11:00, Y. P. A. at 7:45 in the evening.

REX

Mrs. Reed Chambers left Friday for Seattle where she will visit friends for a week.

N. Noyer and daughter, Louise, of Portland, visited Sunday at the James Kane home.

Oscar Winters left recently for the spruce camps where he has been drafted by the government.

At the annual school meeting held Monday, August Schaad was elected director and N. L. Wiley clerk.

Ross Wiley, who is stationed at American Lake, spent Sunday at home, as he expects to leave for France soon.

Mr. and Mrs. Geo. Jones and children, of Seattle, have been visiting Mr. Jones parents, Mr. and Mrs. C. H. Jones.

Z. Welly, of St. Helena, California, father of Mrs. C. Cruickshank, is visiting at the Cruickshank home for the summer.

Mr. and Mrs. A. L. McCaffree and son have returned from Portland and are making their home with the Wiley family at present.

Mr. and Mrs. H. Carroll, of Portland, motored out Wednesday, accompanied by Jack Sawyer, all driving back the same evening.

Rev. and Mrs. McClure are expected to move back to Rex soon as Mr. McClure will have charge of Rex, Middleton and Sherwood churches.

N. L. Wiley and Miss Halcyon Wiley and Mr. and Mrs. A. L. McCaffree have been attending Yearly Meeting at Newberg for the past week.

Miss Fleda Kane who is attending business college in Portland spent the week end at home. She left Monday to accept a position at the Y. M. C. A.

The strawberry season has drawn to a close in the neighborhood, making way for the loganberries and blackcaps. L. S. Otis has started picking logans and expects to start on his blackcaps soon.

Mrs. O'Hare who is cook at the Huber construction camp, has been confined at the Parker hospital in Newberg, for the past week with poison oak, which has now been followed up with a full and complete case of measles.

Rather belated is the report of the Junior play given at the school house Saturday week. Under the capable management of Miss Mary E. Jones, the young actors took their various parts most creditably, and the proceeds added a goodly sum to the Red Cross.

The chicken dinner given by the ladies of the local Red Cross Auxiliary was a great success, over \$150 being made. A large crowd from Newberg and Sherwood were in attendance, and the number of cars parked up and down the road gave the place a festive appearance indeed. The Fernwood band dispensed sweet music during the evening, interspersed by the melody of the Zeroline quartette. Mrs. George Jones, of Seattle, and F. D. Frost both rendered solos during the evening. The local committee feel very grateful to the business men of both Newberg and Sherwood for their contributions to this cause, as well as to the Fernwood band and others who contributed to make the evening a success.

Quit the Tobacco Habit

Quit-Tobac Tobacco Treatment will do the work promptly and permanently. No matter in what form you use tobacco—smoking cigars, pipe, cigarettes, chewing tobacco or snuff. No matter how much you use, or how long used, Quit-Tobac will break you of the habit in from three to five days. Pleasant to take, no inconvenience, no remaining away from work or business.

A simple home treatment. No craving or desire for tobacco in any form after you begin taking Quit-Tobac. Don't try to quit the tobacco habit unaided. It's a losing fight against heavy odds and means a serious shock to the nervous system. Let the tobacco habit quit you. It will quickly quit you, if you will take Quit-Tobac according to the simple directions we send you. It is a thoroughly reliable and permanent remedy for the tobacco habit, but it is not a substitute for tobacco.

Thousands have been freed from the habit. Why not you? Write at once for particulars and testimonials. A. F. Hall & Co., 118 N LaSalle St., Chicago. 37
