DUNDEE

Mr. and Mrs. Riefenberg, of Portland, were Sunday dinner guests of Mr. and Mrs. Roe Robison.

Mrs. C. Knapp, who is making arrangements to move to Yaquina Bay, was a guest of Mrs. Cyrene Palmer last week.

Dr. and Mrs. Walter V. Spencer, Mrs. Price and Mrs. Jones, of Portland, were guests of Mr. and Mrs. Clark Noble on Sunday.

Frank T. Keyes is contemplating challenging the community to a marksmanship contest since his feat of killing five hawks with five successive shots.

A valuable horse belonging to the Allan Fruit Co. had its leg broken by a kick from another horse in the pasture recently and was so badly injured it had to be shot.

An interesting business meeting of the Red Cross was held in the library room of Community hall on Friday. Reports of various committees were received and several letters in connection with the work were read. Plans for the wood shed were again discussed and a soliciting committee appointed. The sale of the forget-me-not bouquets for the Belgian Baby fund resulted in more than twice the amount expected, as the bouquets were given back and re-sold, some of them three times. It was decided to place milk bottles in both of the general merchandise stores for contributions to the Belgian Baby fund. Eleven new stars

were voted to be added to the Dundee Service Flag.

The anniversary number of "Do Your Bit," the publication of the ship builders of Portland, contains the following reference to Fred Jansen, who has spent so much of his life in this vicinity that he seems to belong as much to Dundee as to Day-

ton where his home is: "A jolt was given the friends of Fred Jansen, rigger on ship No. 12, when on last Friday night it was learned that Fred had joined the colors. Jansen had been employed here for several months and it may be well understood that he is a loyal worker such as only is employed by this company.

He is the last of three brothers to go and all we can say is, if he cleans up the Germans as faithfully as he did his work, then democracy has won."

Children don't believe their parents know best and occasionally they are right about it.

IT IS

good business for you to "shop" these days on any class of merchandise—There are no standard prices on account of the daily change of markets.

We do not claim to have all the "bargains" but we believe we have our share and are placed in a very advantageous position on account of our large stock, and the daily arrival of delayed shipments of goods ordered from Factories some 6 or 8 months ago.

For instance---last week there came to us quite a large shipment of **LISK heavy tin-ware, including Boilers, dishpans, milk pails, etc.**

an order we placed with Factory a long time ago, but on account of war conditions were not delivered sooner. What does it mean?

It simply means that we can put this shipment of goods out to our customers at least 20 per cent under today's market prices. No one doubts the quality of the "Lisk Ware" and should you be needing something in this line make tracks for "The Big Hardware Store."

It costs you nothing to look at our stock, and we are always glad to have you make inquiry for anything in the Hardware and Implement line before you buy—it will do no harm and we might save you some money—who knows?

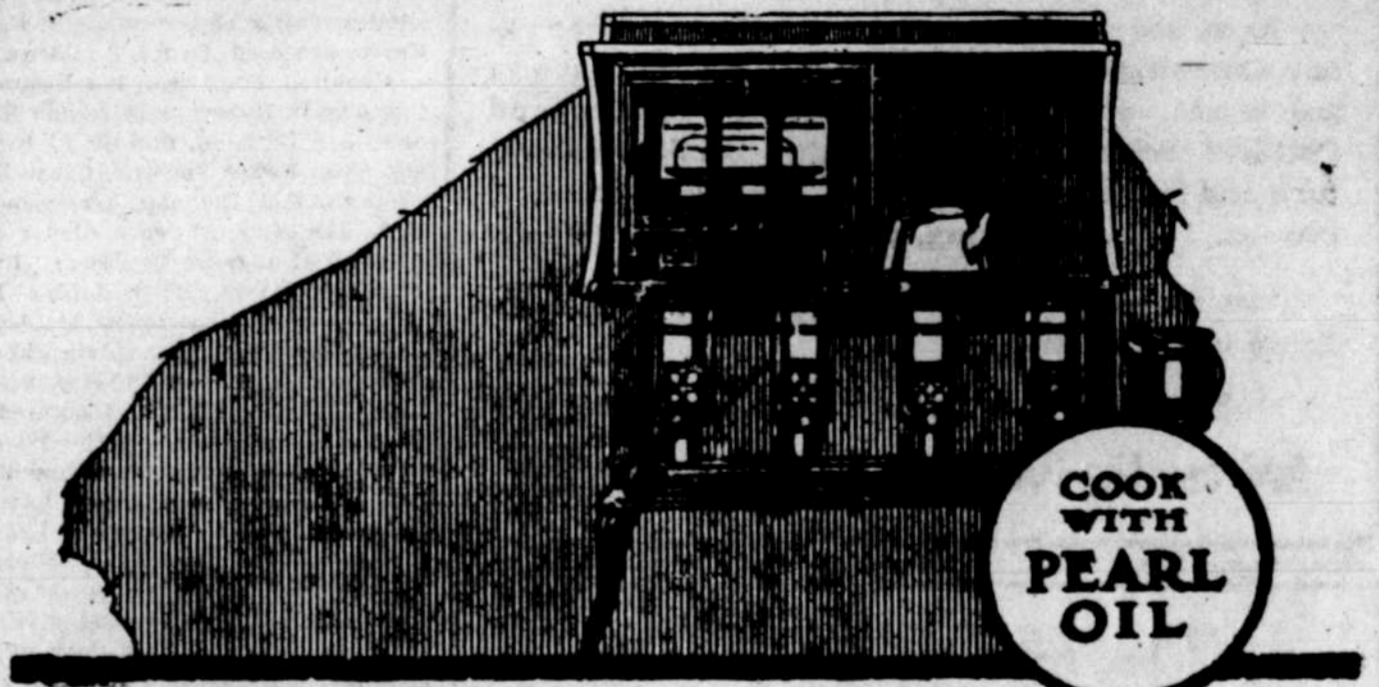

ALUMINUM SPECIAL

A very few of these Life Time Vegetable Cookers at \$1.98—the lid wont come off when you drain the water off the vegetables and a nice size kettle for daily use. Worth at least \$2.50 on today's market.

JUST A TIP

We are expecting to receive advance in prices on plows, harrows, drills, etc., any day and some of our customers are anticipating their needs 60 or 90 days ahead of time and placing orders now for such implements as they will need this fall. No chance to lose and all to gain, the advance is bound to hit us.
