CANNED FRUIT WANTED BY RESCUE SOCIETY
To the Mothers and Sisters of Oregon—It will be needless for me to go into detail and explain to you the problem of feeding 118 women, babies and children. The task is difficult at any time; but a tremendous burden at present. I appeal to you to remember the girls and babies during this coming season, and put up a little extra fruit, with or without sugar, to ship to the Louise Home and the Albertina Kerr Nursery Home, where we are caring for abandoned mothers and babies. We assure you that whatever you can do in their behalf will be greatly appreciated. Why not form a club in your town and ship a barrel of canned fruit or canned vegetables at Thanksgiving? For shipping instructions address correspondence to Gen. Supt. W. G. MacLaren, 195 Burnside St., Portland, Oregon.

The missionary lecture of E. R. Moon on last Thursday evening was heard with splendid interest by a large audience. If any were present who had doubts about the foreign missionary work, they must have been convinced that it was worth while, when the speaker told of the change he could see in the cannibal tribes of the Congo, since beginning his work there ten years ago. The fierce chiefs who once refused admission to the missionaries now see the contrast between their tribes and those who have received the gospel, and plead for the Christian preachers, doctors and teachers to be sent to their people.
