No doubt the fact that it was impossible to give more than a few hours' notice and that six o'clock p. m. is a most awkward time for farmer folk is accountable for the small gathering at Community Hall on Tuesday to join in the nation wide singing of the "Star Spangled Banner." The handful of persons who made the effort to get there and who sang our national anthem and then saluted Old Glory felt the thrill of union with their countrymen who were singing the same words at the same time.

Claus Groth, one of Dundee's most popular young men, who is stationed at Camp Lewis, has recently been promoted from Corporal to Sergeant and is now doing duty as head Sergeant during the absence of his superior officer. Dundee friends find pleasure in Claus' advancement, as his genial manner and smiling face made him a general favorite with old and young, and whether at school or at work or a game of sports, the same cheerful, enthusiastic nature asserted itself, as readily as he has responded to his country's call.

An accident which nearly resulted in a fatality occurred Sunday evening, when a party stopped their car at the spring near Elmer Wright's house and one of the small children in the machine ran out in the road under an approaching car. Had it not been that the last named car had

slowed down the child would have been killed; as it was it was thrown under the front wheels and knocked unconscious and severely bruised about the head and shoulders.
