MOUNTAIN TOP

Miss Martha Proctor has left us to attend Newberg high school. Her smiling face is greatly missed by the Mountain Top people.

Mrs. Harriet Zeigler and Laura Harriger have finished their job of prune picking at the Chehalem Valley orchard, and are at home again.

Miss Myrtle Haveman joined her sister, Hillie, and brother, Willie, in Newberg Sunday evening. They all three are attending high school.

Mrs. J. B. Harriger and son, Harry, former Mountain Top residents, but now of Winlock, Washington, are visiting old friends in this neighborhood.

Rev. John Able preached to a very small congregation Sunday morning, because most of the Mountain Top people are in the midst of the prune harvesting.

Uncle Seth Seely, of Scholls, who has been visiting relatives here, made a short visit with his niece, Mrs. Williams, in Newberg, returning to J. A. Brunson's Saturday evening.

Mrs. L. T. Proctor called on her son, Ivon, at the Brunson home last Thursday afternoon. Ivon is just recovering from an afternoon's hunt during which it seems he posed as a bird and received some shot in his face and head, from a shot gun in the hands of Ted Brunson, his hunting companion. No very serious damage was done, we are glad to report.

"IN GOD WE TRUST"

How did the motto, "In God We Trust," come to be stamped on certain of our coins? In 1861, the Rev. M. R. Watkinson, Ridleyville, Pa., wrote to Secretary S. P. Chase, calling his attention to the fact that up to that time our coins had borne no legend or motto in recognition of the Almighty and declaring lack of such recognition to be a national shame, says the Pathfinder. A few days later Secretary Chase wrote to the director of the mint suggesting that the trust of the American people in God should be declared on national coins and directing him to have prepared as soon as possible "a motto expressing in the fewest words possible this national recognition." After some delay the director of the mint submitted designs for new coins, on which it was proposed to have these mottoes: "Our Country," "Our God," "God, Our Trust." The secretary of the treasury approved the mottoes with minor changes and suggested that one should be changed to read "In God We Trust." This first appeared on bronze 2-cent pieces coined under the act of April 22, 1864. The act of March 3, 1864, made it lawful for the director of the mint to place this motto on such United States gold and silver coins as would admit of inscription in addition to legend and devices they bore. The act of 1873 gave further authority for using it on our coins.

In the morning the subject of the sermon will be, "The Changeless Christ," and in the evening the subject will be, "The Fool." This will be an evangelistic sermon and you are invited to come and bring your friends. It is the highest patriotism these days to attend to the spiritual welfare of our country. It would be tragical to win the war and then fall into the same evils that have made the war possible. The boys "over there" are speaking and thinking of this as "God's country." Let us help to make it indeed "God's country."

The Sunday school convenes at 10 o'clock. The B. Y. P. U. is undergoing re-organization. Come and help us get started right, at 6:30 Sunday evening. The evening service follows at 7:30.

Away With the Ax.

The day of the woodsman with the big ax may soon be over, if a new tree-felling machine comes into general use.

The new machine is run by a small motor. It will cut through a trunk 30 inches in diameter in a few minutes. Its saw is a chain affair with links of six teeth each, which are readily exchanged. It runs in a frame over four rollers with ball bearings. It has a hollow handle designed as a reservoir for oil.
