

## The Man with the Bank Account

HE'S the fellow who is going to take advantage of opportunity. But remember—he started in just as small a way as YOU are going to start. With the co-operation of the U. S. National Bank—plus his own good judgment—ANYBODY can get ahead.

Liberal Interest makes the SAVINGS grow bigger.

The Ford automobile engine, illustrated here, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE LIGHT fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

### "Zerolene is the Best"

Say leading motor car distributors, because the records of their service departments show that ZEROLENE, correctly refined from selected California asphalt-base crude, gives perfect lubrication with less wear and less carbon deposit.

Most cars are now lubricated with ZEROLENE because their owners have learned through experience that there is no better oil.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.

## HAROLD C. KESSINGER IS "BOY SENATOR"

Youngest Man in the Country to Be Honored With Senate Title

Senator Harold C. Kessinger

Senator Harold C. Kessinger of Illinois chose the platform, just as other young men choose the law, medicine or journalism. He made careful preparation and for five years has been a highly successful lecturer. His ability as an orator and his knowledge of modern industrial and economic questions attracted the attention of civic and political leaders of his home community and he was elected to the Illinois House of Representatives. He is now a State Senator and probably the youngest man ever elected to that office in the nation.

Senator Kessinger will be here soon on the Lyceum course with one of the best lectures of the year. You will find it constructive and thought-compelling, packed with solid facts and clean humor and given with rapid fire delivery.

### MOUNTAIN TOP

The A. J. Davis family have moved to Newberg.

Elta Brunson spent a few days in Newberg this week.

Bert Deboit is cutting ship knees on the J. A. Brunson place.

Fred Mattura has moved on to the McKinley Mitchell place.

J. A. Brunson went to Portland on business on Monday of this week.

Milton Cady and daughter, Carrie, formerly of Mountain Top but now of Portland, were Mountain Top visitors Sunday.

The Mountain Top school re-opened last Monday after having been closed for two weeks. The teachers, Miss Bernice Welch and Miss Ruth Nottage, spent their enforced vacation at their homes in Newberg.

The reported death of Lloyd Whitmore has been confirmed. He was the son of Mrs. Frank Shook. Young Whitmore was 22 years of age and was the first Mountain Top boy to enlist after the declaration of war.

### RAYBELL

Mrs. Jack Larsen visited with Mrs. Walter Ray on Tuesday.

The family of J. W. Hackett has moved into the house at Riverside Hop Farm.

Mr. and Mrs. B. E. Belleu and son, Wayland, were Sunday guests at the Walter Ray home.

Wm. R. Apperson visited the latter part of the week at the home of his uncle, Walter W. Ray. He went to Portland on Monday.

Raybell District has good reason to feel proud of itself. In the War Work Campaign the people subscribed most liberally, going over the top by raising the quota, plus 50 per cent, and \$80 more. A meeting was held at the school house on Friday evening, and in spite of the bad weather a good crowd came out to listen to the very interesting talk given by Capt. Wm. R. Apperson, who has been in France with the Rainbow Division. After Mr. Apperson had finished his speech he called for subscriptions and the response was most liberal, \$145 being raised that evening. The district was thoroughly canvassed within the next three days, with the highly gratifying results as before stated. Walter W. Ray was district manager, and George Hiller, B. E. Belleu and Capt. Apperson were his associates.

### Every Sensation.

The following is from a letter written by a member of the United States tank forces in France: "I ran the gamut of all sensations from fear to hatred, and the latter was what I carried away. Any nation that fills the bodies of the dead with bombs in order to kill the chaps that come out to bury them, has no consideration from me, and that is what the Germans do, among other things."

### CHEHALEM CENTER

Keith Elliott, of Portland, was a guest of Wm. Small's recently.

Mrs. Marie Smith went to Portland Saturday to visit relatives over Sunday.

Rev. Fred Bates, of Indiana, who has been secured as pastor at the church, has not arrived yet.

Mrs. C. L. Johnson is spending some time in her old home, the home of the M. P. Johnson family.

Forrest Staley, operator of the Staley & Son mill, has been laid up lately with a lame back but is recovering.

George Hodges is home from the Merchant Marine shipping board at Seattle. He had a severe attack of influenza, but having recovered is home on a two weeks' leave.

Mr. and Mrs. Wm. Flaucher, Mr. and Mrs. Frank Johnson and little daughter, of Newberg, and Mrs. A. J. Palmer were out Sunday to celebrate a birthday anniversary of Edward Johnson at his home last Sunday.

F. L. Strait took a sudden and avowed determination to enter Pacific College and forthwith handed in his resignation as principal of the school last Thursday. Mrs. E. Meyer took charge of his room. The school board were very fortunate in securing Mrs. Evangeline Martin for the primary room. Mrs. Martin is well known as an experienced natural born "school ma'am" and Monday the school started up after the enforced holiday of one month on account of the influenza epidemic throughout the country.

### DUNDEE

A Red Cross business meeting will be held at Community Hall at 7:30 on Thursday evening, November 21. Your attendance is earnestly requested as plans for the winter's work will be considered.

An interesting account of the football game in which Squad 1 at the Vancouver Barracks defeated Squad 6, the crack squad of the Barracks, has been received by Mr. and Mrs. Dillinger. Their son, Winfield Dillinger, in high school days a member of the Long Mont, Colorado, football team that held the championship of the United States, was a member of the victorious Squad at Vancouver. A fine account of Winfield's playing and the enthusiastic congratulations he received after the game have come from those who witnessed the contest.

"Dundee over the top," a familiar refrain, for Dundee is always over the top, this time with more than the requested 150 per cent. The chairman for the north end of

Yamhill county requests the Graphic to thank the people of his district for the hearty way in which they responded to this United War Work Campaign which, on account of its wide scope and the misapprehension in some minds that funds were not needed now that the war is over, has been the hardest of all the drives to swing. Especial thanks are tendered to the Dundee school children who did such excellent work in this campaign. The solicitors for the United War Work Fund took the occasion to finish up the egg fund campaign and, from this fund, which was started for the special use of our Dundee boys "Over There," a Christmas gift of five dollars was sent. Dundee has thirteen boys in France and one "On Guard" in the navy. Each of these boys will receive a letter from the home town bearing greetings from the Red Cross and the Community gift.

The hearts of all who contributed so loyally to the War Work Campaign Fund cannot help being warmed through and through when they read such words as these from letters of "Our Boys" in Sunday's Oregonian: "As I sit here writing, I can imagine Old Oregon going over the top again. If the people only knew what their dollars are doing for the boys over here they would not hesitate a minute to go the limit." When we come back and say "We did our share," we will have to take off our hats to our "backers" and say, "much obliged, folks, it took you to keep us going." We will not forget the Red Cross people, either. We will have to give them the glad hand and say, "Thank you, ladies and gentlemen, you certainly are real Americans." And here is another: "The doctors are wonderful. I can't say enough about them. They were with us all the time and were badly shelled. Also the Y men. It wasn't their business, but they were with the doctors and doing fine work right under fire with the rest of us. Also they got a load of candy and cigarettes forward under fire for the wounded. You ask about them in your letters. I know there is criticism of the Y, but I find it is among persons that didn't like it before the war and won't allow themselves to now. Here's their trouble: For our division they should have six trucks, and have only two, and repairs are hard to get up. They have been unable to keep up with the growth of the Army, but we get the stuff at times and in the hospitals the wounded are well cared for. Don't you let anyone tell you the Y isn't all right. They have a hard job and you ought to hear the old Army men tell about 1898 and Cuba, and I tell you they appreciate all that's

being done for them in the war. Also the Red Cross is fine. Their trains are wonderful and they treat one royally. Most of us arrive at the hospital with nothing but the clothes on our backs and many not with that much and the Red Cross gives everyone a little bag with writing paper, a knife, pencil, tobacco, gum, chocolate, and many little things like that and if you can't write they have girls to write for the men. They furnish magazines and books and all the little luxuries that help a lot, as hospitals are pretty dreary in war areas with all the pain and misery around one." And another: "The Red Cross and the Salvation Army are doing wonders for the boys over here every day."
