Mr. and Mrs. A. A. Post and sons, Charley and Willie, made the trip to Portland Saturday.

Mr. and Mrs. H. L. Johnson and little Bonnie spent the week end with the home folks.

Miss Helen Green is home from Portland, having recovered from several attacks of the flu.

N. C. Johnson came home from a Salem hospital last Friday, he having sufficiently recovered to make the trip.

Afton Oakley, from Sparta, Wisconsin, arrived last week to spend some time with his brother, M. G. Oakley.

Word comes from Junction City that a son was born to Mr. and Mrs. Ben Beets. It is presumed that they will name it Benjamin.

Mrs. Westfall, of Colorado, who has been spending the past three weeks with her sister, Mrs. Frank Hout, departed for her home last Friday.

A welcome is extended to Rev.

and Mrs. F. C. Stannard and Ann F. Sutton and family of "Shady Nook" and others who are taking up their abode "within our gates."

Elwin D. Small received his discharge from the 33rd F. A. Battery D, arriving home Saturday evening. He is one of the first of our volunteer heroes to arrive home from "Overseas." Let everyone give these boys the glad welcome home. If it were not for the men in khaki we would not be enjoying peace and prosperity today.

On the evening of February 15 a birthday social was held in honor of Aubrey Tange. A number of the young folks were there and all report a very pleasant time. He was the recipient of several nice presents, among the number being a nice Hawaiian guitar, several cakes—one nice one with all the customary candles. Cake, cookies, sandwiches, pickles and coffee were served by way of refreshments.

Next Saturday there will be an all day meeting at the school house. It is planned to tile drain and grade the front part of the yard, sow grass seed, plant roses and lay cement walks. There will be a basket dinner such as the Chehalem Center ladies are noted for and a general good and profitable time is expected. Let all friends and patrons of the school come out and boost for a decided improvement on the school grounds.

Saturday, February 23, being the anniversary of Wm. McGuire's birthday, as well as George Washington's, the evening was the occasion for a very social affair at the McGuire home. Quite a number of the friends and neighbors were present, including Mrs. Jimmie McGuire and Master Dennis, and Mr. and Mrs. Wm. Cornell and children, of Newberg. Ample refreshments were served, consisting of oranges, apples, sandwiches, cake and coffee.

J. S. Sanders and family, of Newberg, took dinner at the home of his father, W. H. Sanders, Tuesday, be-

fore stating to their new home in Nampa, Idaho, Wednesday. They formerly lived in this neighborhood and their many friends here will be glad to see them prosper in their new location.

The Misses Della and Freda Parrish, who are attending Behnke-Walker Business College in Portland, were home Saturday and Sunday.

Leslie Parrish, son of Mr. and Mrs. T. H. Parrish, has been discharged from Army Service and arrived home from Camp Lewis Friday morning. He was bugler for his company.

Don't forget to come to the Red Cross sewing next Thursday and bring some one with you. Plenty of work for all. Quite a number were present at the last meeting and the officers were greatly encouraged. Those attending were Mrs. U. S. Bryant, Mrs. Nelson Brouillette, Mrs. Charley Jones, Mrs. D. A. Jones, Mrs. A. C. Huddle, Mrs. A. S. Livengood, Mrs. Walter Everett, Mrs. H. N. Baker and the Misses Earl Livengood and Carrie Hobson.

About seventy-five persons attended the miscellaneous shower given at the Fernwood gymnasium on last Saturday evening in honor of Mr. and Mrs. O. E. Jones. The occasion was a complete surprise to them as they were told it was to be a "neighborhood party." Many beautiful and useful presents were received, which shows the high esteem in which they are held in this community. Lillie Parrish and Florence Bryant, two little girls of the primary grade, beautifully dressed in white, assisted with the presentation of the gifts. Those attending outside of Fernwood were Mr. and Mrs. S. L. Parrett, B. L. Hicks, Walter and Miss Blanche Brown, of Newberg, Miss Ruby and Edward Fosner, of Sherwood, Miss Beryl Deford, of Springbrook, and Mr. and Mrs. Earl Peters, of Tacoma, Washington.

gunson home Saturday with their well filled baskets to celebrate Mrs. Ferguson's birthday.

Some one evidently familiar with the neighborhood with an ardent propensity for other people's property, stole a \$55 tire from the rear of Ed Asmus' car a few hours after Mr. Asmus had put the said new tire on the carrier and secured it with a brand new padlock. It is to be hoped that such depredations in the neighborhood will be few and far between.

DUNDEE

Mrs. John Henry Lyon and family, of Tacoma, were guests last week of Mr. and Mrs. Dearborn. Mr. Lyon was in Portland helping the Rotarian celebration.

Mr. and Mrs. Wm. Wilson, Mr. and Mrs. Joseph Herring, Mr. and Mrs. H. F. Cutting, Mr. and Mrs. E. S. Greer, Newton Bailey, Wm. S. Allan, H. B. Powell and K. a Robison attended the auto show in Portland.

On Wednesday evening a business meeting of the Red Cross was held at the church. Preparations for receiving our Overseas boys were set in motion. The meeting adjourned promptly at eight to give way to the lecture which followed.

The Ladies' Aid Society held a special meeting at the home of Mrs. William Greenwell on Monday last. Work on the new constitution was finished and a social hour enjoyed. Rev. G. O. Oliver, former pastor of the Dundee church, was a guest for a part of the afternoon. Delicious refreshments were served by the hostess.

Little Miss Louise Wilson spent the week end of February 8 with Opal Hess. The Dundee friends of the Wilson family will be glad to know that the little cripple boy has been receiving treatment from a specialist in Portland since the family left Dundee and that he is able to stand alone and walk some.

A short business meeting of the Dundee Woman's Club on Thursday was followed by an afternoon devoted to sociability, it being the first large gathering of the ladies since last fall. Mrs. Paul Groth, the hostess, with her assistants, served coffee and sandwiches. Rev. Oliver was invited to explain the Centenary movement as some present had not heard the lecture on Wednesday evening.

Rev. G. O. Oliver delivered a most interesting illustrated lecture on the Centenary Movement at the Dundee church on Wednesday evening. Pictures of all the world were shown and the missionary work in educational, medical and sanitary and religious departments clearly explained. Those who attended were pleased to know of the great moral and spiritual uplift that is coming in the vast re-construction period.

Honor Flag Day exercises at Dundee were attended by the school in a body and a large number of citizens. The children marched down to the hall led by Comrades Hunter and Poole of the G. A. R. and four Khaki Boys. The program consisted of singing by the pupils and audience and speeches by Messrs. S. M. Parrett, of Newberg, who presented the flag, president of the school board, E. U. Marr, who received it, Wm. S. Allan and Prof. E. H. Anderson. Dundee is proud to have the flag, recognizing in it, not a prize but an emblem of the expression of a duty

to our country and Our Boys, that was fitly expressed in the generous contributions that Dundee made to the four liberty loans.

The Dundee Red Cross sewing is in full swing again and the meetings largely attended. It has been decided to change the hours of work, leaving out the Tuesday morning meeting but holding the sewing period from 12:30 to 5 o'clock on Tuesday afternoon. The warm hearts of the Dundee ladies were touched when a report reached them that some of the boys at the Base Hospital at Camp Lewis were hungry for home made cookies. So on Tuesday the ladies of the community came laden with cookies of all kinds and four large boxes of the tin cookie containers were made ready for shipment by the help of two of the fathers and several of the boys of the community. (And the helpers did not receive even one cookie for their aid. But—there is a good time coming.) It is hoped that there were more than enough cookies so that every one of the 1,200 boys at the Base Hospital could have at least one.

THE WASTE OF ELABORATE WAR PREPARATIONS

For forty years prior to 1914, Germany, at a cost which, considering the time and energy expended each year in connection with the training of her millions of soldiers, amounted to many billions of dollars, built up a huge war machine which she believed to be invincible; however, within a period of but eighteen months America, though utterly unprepared for war, constructed and transported over seas a war force which demonstrated its superiority in every way over the German war machine and dealt that machine a blow which caused its final defeat.

As a result Germany now knows, and the whole world ought to know, that elaborate advance war preparations are merely the worst sort of wasted human energy.
