A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean *bitter* baking.

Two of Ben Yergen's brothers were at church Sunday, Will Yergen, from Portland, and Earnest Yergen and his family from across the river.

Oliver Worden and Graydon Woods have both recently been released from the service. Oliver was a marine and Gray a doughboy. Lawrence Boyd is still at Mare Island and aching to get home.

A very fine program was rendered at the school house Monday evening of this week in the interest of the W. S. S. drive. Mr. Davis gave a number of selections on his chimes, Mrs. Van Osdal rendered a piano solo and Mrs. Babcock, of Newberg, sang a group of three very fine little songs—the kind that have a heart in them and send you out feeling better. Then Mr. Duncan, county school superintendent, gave a short, sensible talk setting forth reasons for buying War Savings Stamps—1. It encourages thrift. 2. It cultivates business ability. 3. The government needs the money. 4. Every citizen must help to pay the bills of the government for it is our government. At the close of the meeting Mr. Duncan and S. M. Calkins gave briefly reasons for voting road bonds.

The regular quarterly business meeting of the church will be held Sunday morning. All members and any others interested at all be sure to be present at that time. The farewell service last Sunday was well attended and a good dinner was served in the basement by the ladies. r. Shambaugh talked of brotherly love from the words of Jesus, "This is my commandment, that ye love one another as I have loved you." He said it is the greatest and most important thing that he knows about. He left this motto for the church and community, "Help the other fellow" The things he has done for the community will be more evident next year than this year and still more evident in five years and increasingly more evident in the years beyond that. The community will look back and say, "We had a friend."

### STATE CHRISTIAN ENDEAVOR CONVENTION

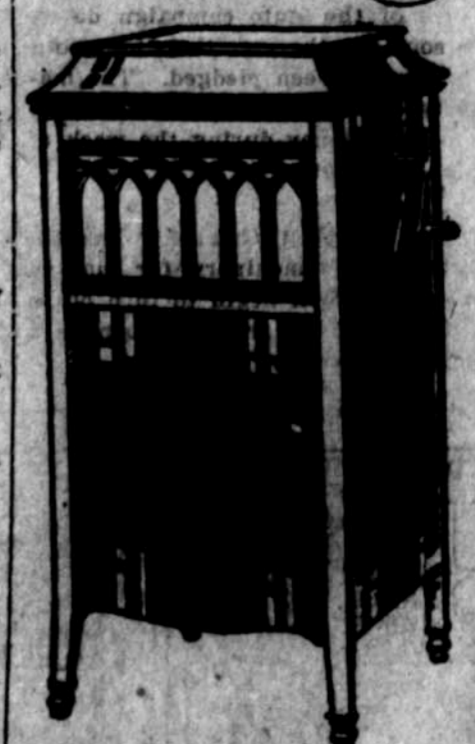

Here is a little of the "Big Stuff" in store for the Jubilee delegate at Portland, June 19-22, 1919.

Arrangements are being made to secure the famous Multnomah Athletic field for Saturday afternoon, June 21. The entire convention delegation will march up to the field in rank formation for the big Christian Endeavor track meet. It is planned to have a regular meet, consisting of races, games and various other stunts. Both girls and boys will contest. Score will be kept by Unions. Full announcements will be made shortly by E. Earl Felke, who is in charge. This is an event you must not miss—you simply must not miss it!

The great Portland Auditorium has been secured for the Sunday night meeting. When Chairman Ratsch, of the Portland Committee, went to Mayor Baker and asked for the big building, they gladly gave it to us—without any charge. This means that the Sunday night session of the convention promises to be the largest single Christian Endeavor meeting ever held in Oregon. If you should miss this event—but say, you aren't going to miss it, are you?—Smile Sheet.

### A TRIBUTE TO THE DEPARTED

In memory of Mother Howie, who died in Newberg, Oregon, May 20th, 1919, aged seventy-seven years. By her husband.

When the May sun was shining, and all things were bright, When the birds they were singing their songs of delight, When the flowers clothed in splendor with fragrance did loom, It was then that dear mother was called to her home.

Alas, how I miss her, her bright, cheery smile, For hers was a life that was free from all guile, Though often afflicted with pain and with care, When she carried them to Jesus they were light as the air.

She dwelt in the sunshine where all things are bright, Where affliction and sorrow are hid in the night; To her the future was all very plain, With her friends and her Savior forever to reign.

Her friends they were many whether in Scotland or here, As a result of the parting there was many a tear, But she's gone to the land where partings are unknown, To dwell in the glory, with the plant of renown.

In the summer of her lifetime her family was her care, For them she did work and offer many a prayer, Now six out of seven have outrun her in the race, But now they're in Glory and see face to face.

She lived as she died, both faithful and true, She was proud of her grandchildren, and great-granddaughter, too; Her life it was humble, her faith it was strong, She loved the right but she hated the wrong.

When the mist and the shadows are all cleared away, When we burst in the sunshine of eternal day, What eye hath not seen, or ear hath not heard, A home full of mansions, by Jesus prepared.

Her object in life was to do what she could, To be eyes to her husband as onward they trod, But when she arrived, where her journey here ends, She handed him over to her trust-worthy friends.

### FIRE CORPORATIONS ARE CRITICIZED FOR NOT TAKING QUOTA

Fire insurance companies doing business in Oregon are under fire of Victory loan officials for not subscribing what is regarded as their share of the nation's debt of honor. Those companies which have declined to subscribe anything are particularly criticized.

Commenting on the dereliction of the fire insurance corporations, Emery Olmstead, city chairman, said:

"It is regrettable that the fire insurance companies of this city refuse to subscribe to the Oregon or Portland quota of the Victory loan. These companies take out of the state, and largely from Portland, at least \$6,500,000 in premiums annually. The only exception, to my knowledge, is the Pacific States Fire Insurance company, which has subscribed liberally, not only to the Victory loan, but to the preceding loans."

### INSURANCE FIRMS RAPPED

OUTSIDE COMPANIES FAIL TO TAKE SHARE IN LOAN

Chairman Olmstead Says Profits Amount to \$2,000,000, Yet Bonds Are Not Bought

Failure of foreign fire insurance companies to take their share of the victory loan quotas of Portland and Oregon is causing caustic criticism in local liberty loan circles. Thus far not one of the foreign fire insurance companies has subscribed, though their aggregate premiums total an annual figure of \$6,500,000 in Oregon.

"It is regrettable," says City Chairman Olmstead, "that the fire insurance companies refuse to subscribe to the Oregon or Portland quota of the victory loan. These companies take out of the state, and largely from Portland, at least \$6,500,000 in annual premiums. The only exception, in my knowledge, is the Pacific States Fire Insurance company, which has subscribed liberally, not only to the victory loan but to the preceding loans."

Victory loan officials say that the \$6,500,000 in Oregon premiums paid to the foreign fire insurance companies yields them a clear margin of \$2,000,000. Their losses are computed at \$2,000,000 and their expenses and taxes at \$2,500,000. Oregon is also considered to be one of the best states for fire insurance, inasmuch as its loss ratio has been reduced from 50 per cent to 30 per cent of the premiums paid through the inauguration of fire prevention methods and education.
