Wallace. Mr. and Mrs. G. Y. Edwards and daughter were also present at the same festive board. Mrs. Edwards being a daughter in the home.

To do a bit of holiday shopping and to look up the boys and wish 'em a merry Christmas, Wagoner Rupert Wanless walked or rode in from Newberg the first of the week. Wanless was awarded the croix de guerre for his work in France and if any boy earned one he did. But they do say he will never win a medal for farm work.—Evening Telegram.

There may have been larger family gatherings in these parts on Christmas day than the one that was mothered by Mrs. M. J. Nash at her home on North Howard street, when there were present 73 children and grandchildren who were fed on good things to eat, but if so the Graphic has not been apprised of the fact. And Mrs. Nash never fails to remember her descendants all down the line, big and little, with Christmas presents.

By George Howie.
Year by year our time is flying.
And speeds us on to nearer home,
Year by year our friends are dying,
Methinks I hear the call to come.

Year by year the Gospel scattered
Broadcast over every land,
Year by year the Savior's offered
To pilot us across the strand.

Year by year the Savior's knocking,
Knocking loudly at the door,
Year by year though spurned and
mocking,
He standeth pleading every hour.

Year by year the Savior's calling
To His lost ones who've gone
astray.

HAPPY NEW YEAR

Thanking our friends for their patronage during 1919, we start the New Year with the season's greetings and hope that 1920 will bring you happiness and prosperity.

Yamhill Electric Company

"IT SERVES YOU RIGHT"

Greeting

The First National Bank thanks its friends and patrons for the many courtesies extended in the past year and wishes them a Happy and Prosperous New Year.

Year by year He hears them calling,
"Lost, I'm lost, I've lost my way."

Year by year He daily hears them
And answers them at their request;

Year by year He shows He loves them,
And answers, "I will give you rest."

Year by year we journey thither,
Hand in hand we onward go,
Year by year we are called to sever
From those we loved down here below.

Year by year in a land of parting,
The reason why, only time can tell,
We're perfected through hearts that
are smarting,
For Jesus, He doeth all things well.

Year by year we have circles broken,
Broken here to mend no more,
Though gone before, they're not forgotten—
We will meet them on the other shore.

On Toads.
"Many stories are extant tending to show that toads have been found alive in rocks or in soil deep in the earth; yet so far as investigated by the writer in no case has the evidence been at all conclusive," says A. H. Kirkland in an article on "The Garden Toad" in *Boys' Life*. "On the other hand, experiments have shown that toads may be kept alive at least 18 months sealed up in plaster or limestone. There is little doubt that the toad may live to be 20 years old, or more."
"Though it lives alone in summer, toads often hibernate in colonies of half a dozen or more. In feeding, usually by night, the toad patrols a fairly well-defined beat; garden and flower beds are frequented, and particularly the ground under ear lights, where numerous insects fall fluttering from the lamps above. When food is abundant, as shown by experiments on toads in cages, the animal eats an equivalent of four square meals daily, consisting of caterpillars, cut-worms, beetles, ants, etc."
