Largest Dental Practice in the World

Registered Dentists using the E. R. Parker System have the largest dental practice in the world. There are twenty-four complete offices, which are fully equipped with appliances and supplies for doing fine work at moderate prices and with no fear of pain.

Out-of-town patients are given especial attention, so that fewer visits are required to have dental work fully completed. This is very important to people who want to return home as soon as possible.

Nothing but fine work is done, but the prices are moderate, nevertheless, for the E. R. Parker System saves a lot of money buying supplies for twenty-four offices and in many other ways, and this saving is shared with patients.

Examinations and advice are free. There is an E. R. Parker System office at
