Sun and rain, wear and tear will play havoc with any car. A few surface cracks on the hood, fenders or body open the door to the elements. Rust and decay begin their work. Soon you have a rusty, rattling, rough-looking old car that you're ashamed of.

But save the surface and you save all. A little Acme Quality Motor Car Finish will protect your car against rust, make it last longer and look better.

There's no secret about finishing a car. We can give you some helpful suggestions. Stop in and look at our line of Acme Quality Motor Car Finishes.

Build before Planting Time

Before spring planting demands all your time, how about your farm buildings? How about granaries, sheds for machinery, barns? Are you prepared to take care of next fall's crops?

And repairing. Better get that out of the way now. Don't let a leaking roof keep you out of the field next summer.

We carry everything in lumber that you will need, including the handy, "ready to use" wall and ceiling material, Beaver Board. We will be glad to give you estimates on your building and repairing and also to help you plan the work. Phone or call us any time.

The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—or better tubes. That we guarantee.

Try ONE Brunswick—learn how it excels.

Notice To Planters

After finishing the digging and grading of our Italian and other prune trees, we find we have a few thousand nice 4-6 and some 3-4 foot Italian trees in excess of what we counted on. Are therefore able to book orders against this limited supply as long as they last. These trees are first class and were not injured by the hard freeze of December. To those needing Italian trees for Spring planting, we can only suggest prompt action—for certainly this limited number will not last long.

Logan Plants

Now is the time to arrange for your Logan Plant to insure getting them when you are ready to plant. The same is true of your strawberry plants, small fruits, fruit trees, etc. Place your order now and know you'll get the trees and plants at planting time.
