classes are so overcrowded, rooms so overloaded, and teachers so few, that the three institutions will have to close the door on at least 1,000 Oregon boys and girls, and perhaps upon twice that number next fall, unless the new millage support bill passes on May 21.

These three institutions have, when compared with the year when the present millage support bill was passed,

- 150 per cent More Students but only
- 15 per cent More Classrooms and less than
- 4 per cent More Income

The fact that higher education in Oregon is in a crisis cannot be said too strongly. You are urged to work for the Higher Educational relief measure, and to help it with your vote on May 21.

Build before Planting Time

Before spring planting demands all your time, how about your farm buildings? How about granaries, sheds for machinery, barns? Are you prepared to take care of next fall's crops?

And repairing. Better get that out of the way now. Don't let a leaking roof keep you out of the field next summer.

We carry everything in lumber that you will need, including the handy, "ready to use" wall and ceiling material, Beaver Board. We will be glad to give you estimates on your building and repairing and also to help you plan the work. Phone or call us any time.
