

HONOR PAID ST. MICHAEL

In England Especially in His Day Observed for Prescribed Ceremonials and Feasting.

There are fragmentary customs bound up with Michaelmas which have to do with birds and winged things, for no particular reason that anybody knows. Perhaps it is a chance that it is so. But everywhere in England where Michaelmas is kept a goose is sacrificed for dinner on that day, and for years and years in Lincolnshire and Yorkshire a handful of the farmer's each sort of grain was scattered in the court or farmyard for the birds, so that luck would come to that household. Queen Elizabeth was eating, you may remember, her Michaelmas goose when the defeat of the Spanish armada was announced to her. Perhaps Michael's wings were hovering over the sea that day of the defeat and that those sizzling geese all over England were a sacrifice not made in vain. And perhaps, after all, these customs of cooking geese and throwing grain to birds are only just because Michaelmas comes in the harvest time. But it is nice to think that everything with wings is in some way akin to this special saint.—San Francisco Argonaut.

Flowers That Bring Bad Luck.
In England Devonshire folk hold that it means death to bring into the house a single daffodil, when this flower first appears in the spring. There must be a bunch of them, and the cowslip is similarly hedged in by superstition. A hydrangea in the house "brings trouble," and snowdrops are "unlucky," while wild flowers generally prevent the first brood of chickens from hatching. If one wishes a plant indoors to show a large and profuse bloom he must place in the flowerpot some fresh earth from the grave of an infant baptized within twelve months. No yellow bloom should be brought into the house in May. The house with bergamot near it is never free from sickness. A plant of heliotrope in church will keep in their places any untrue wives in the congregation.

ELECTION, MAY 21 STATE ROADS Vote 302 X Yes For 4% State Road Bond Limit

BALLOT TITLE IS AS FOLLOWS: CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly. LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of bonded liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

NO PROPERTY TAX—NO DIRECT TAX NO INCREASE IN AUTO LICENSE FEES NO INCREASE OF GASOLINE TAX

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

FEDERAL FUNDS MUST BE MATCHED
Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be finished by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.
The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will redeem principal and interest and yield surplus besides.

For Interest Tables, Pamphlets or further information, write to OREGON ROADS AND DEVELOPMENT ASSOCIATION

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it. That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire. Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best— for a mediocre product could never bear this historic name. Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use. No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed. This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost. Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

Notice To Planters
After finishing the digging and grading of our Italian and other prune trees, we find we have a few thousand nice 4-6 and some 3-4 foot Italian trees in excess of what we counted on. Are therefore able to book orders against this limited supply as long as they last. These trees are first class and were not injured by the hard freeze of December. To those needing Italian trees for Spring planting, we can only suggest prompt action—for certainly this limited number will not last long.

Logan Plants
Now is the time to arrange for your Logan Plant to insure getting them when you are ready to plant. The same is true of your strawberry plants, small fruits, fruit trees, etc. Place your order now and know you'll get the trees and plants at planting time.
