THURSDAY, MAY 13, 1920.

Clyde M. La Follette candidate for the legislature, who was in Newberg the first of the week getting acquainted with the voters, promised the Graphic scribe that he would show him where to catch the big ones if he would go fishing at Wheatland in about two weeks.

Miss Alta V. Black, a winsome little lady teacher of Yamhill, is to contend with S. S. Duncan for the office of school superintendent and our guess is that many of the young voters of the male sex will pass up the old stager when they enter the election booth. Pretty is as pretty does, you know.

A gasoline famine is on and dealers are being cut down on the supply. It has been charged that the Standard Oil Co. is trying to force Oregon to cut out the test requirement and that pressure with this end in view is being brought, but since there is a shortage in the supply all over the Northwest there is probably little to be charged.

It is likely that never again in a hundred years will Newberg have an opportunity to vote in a primary election for a former Newberg lad for the great office of president of the United States, as they will have in voting for Herbert C. Hoover on May 21. Local pride ought to prompt voters to cast their ballots for him, and the same might be said of Yamhill county, especially when it is conceded all over the country that he has fully demonstrated that he is big enough for the job.

The Yamhill County Forum which held a meeting here Tuesday was very poorly attended and the expression was freely made that the organization was rapidly declining for lack of proper nourishment and that the undertaker might well linger on the threshold. Our John U. Smith, the father of the movement, absented himself from the meeting, not even sending his regrets. Mr. Peterson, the postmaster at Grand Ronde, came in the afternoon and injected some life into the meeting by telling of the need for road improvement up his way. B. Y. Roe, the sage and philosopher of Wapato, was in the chair. The next meeting will be held at McMinnville.

### DUNDEE

Blanche Crammins gave an ice cream party to her class mates on Saturday.

Margaret, Effie and Kenneth Wilson, of Newberg, visited their cousins of the Wm. Wilson family on Sunday.

Another new family was added to Dundee's population this week, Mr. and Mrs. MacRae, who are occupying the Parish house.

The Woman's Home Missionary meeting was held on Tuesday afternoon and the Ladies' Aid Society met with Mrs. Hunter on Wednesday.

Rev. Robert Brymer, who has been doing evangelistic work in the Salem district, will conduct a series of meetings in Dundee from May 24 to June 6.

Lost—Between the library and W. J. Gordon's store, a hat pin valued as a keep sake. The owner will be grateful for its return, if found, to Mr. Gordon's store.

Mr. and Mrs. F. S. Hillsinger visited Mr. and Mrs. Wm. Greenwell and Mr. and Mrs. Dearborn the first week end in May, enjoying a drive to the hills on blossom Sunday.

A meeting of the Parent-Teacher Association was held at the school house on the first Tuesday of the month. Plans for the closing week of school were discussed and a short program enjoyed.

Mr. and Mrs. T. A. Harper, of Portland, Wm. G. Steel, of Eugene, Rev. and Mrs. H. E. Mills and son, Harlow, and Mr. and Mrs. Johnson, of Portland, were guests at Otterbrook on Sunday.

New home grown potatoes at Otterbrook on April 30th. How many? Eleven. How large? Don't ask too

many questions, but can Prof. Powell or B. S. Hunter beat this early spring produce story?

Mr. and Mrs. A. C. McEwan, who formerly lived in the Red Hills, accompanied by Miss McEwan, Miss Gilmour and Mr. McEwan's brother, called upon Dundee friends and neighbors on Sunday.

Work on the campaign to raise \$100,000 for Willamette University has begun in Dundee. Each Sunday some phase of the work and the need of such a fund is discussed, but as yet no formal canvass has begun.

Mrs. Cyrene Palmer visited Mrs. G. A. Dearborn last week, returning to Chehalis Center on Saturday. Mrs. Palmer is greatly improved in health and expects to be back in Dundee for a longer stay in the early summer.

The regular meeting of the Dundee Woman's Club was held in the library on Thursday last. After the business meeting a sale of plants and seeds was held followed by a program and the social hour. Mrs. R. A. Olmsted was hostess for the day assisted by Mrs. G. A. Dearborn and Mrs. E. S. Greer.

The house in which Ernest Bronson and family have been living this winter was destroyed by fire on Monday of last week. The house belonged to Mr. Bronson's father. The origin of the fire was from a defective flue. Before help arrived the fire was so far under way that very little of the contents of the house were saved. The family at once moved into their own, a smaller one, which is close to the father's. Neighbors and friends in Dundee and Newberg have taken pleasure the past week in giving clothing and household furnishing to tide the family over their immediate need.
