

Cut Your Tire Bills 1-2

Let Us Show You

How you can save one-half your tire expense this year by letting us apply Gates Half-Sole Tires to the worn tires now in use. Half-Sole tires cover the worn casings from head to head, and are guaranteed puncture proof for 5,000 miles. They will give you 10,000 to 20,000 more miles from your tires. Bring in your worn tires, and let us demonstrate this Half-Sole tire to you. Remember: They cost only half as much as an ordinary tire of corresponding size.

More Than Her Mouth.

Although the groundhogs at the "Zoo" did their best to keep the spring day away from that fine park and playground for the people, time will bring spring within a few weeks now, at the worst. Time has a way of making things move.

Although crowds at the National Zoological park have fallen off materially during these cold winter Sundays, nevertheless many visit the park every Sunday. Much attention is given the animals kept indoors, naturally.

Thus the mother hippopotamus has her admirers. Recently two small boys, that good sort that shy rocks at cats and sparrows, were standing in front of the hippopotamus cage, watching Mrs. Hippo eat hay.

"Look at 'er open 'er mouth!" said one boy, lost in admiration.

"Mouth nothin'!" exclaimed the other. "That ain't 'er mouth—it's 'er whole head she's openin'!"—Washington Star.

Tomb Was Tramp's Home.

A tramp who had solved the present day problem of where to live by taking up his abode in one of the old Roman tombs at Arles, on the Rhone, gave two Dutch tourists the fright of their lives.

They had gone out to see the remains by moonlight, when suddenly out of a tomb emerged a human form, which the moon caused to appear exceedingly ghostlike. The tourists fled at top speed for the town, declaring that they had seen a resurrection. The "ghost" was interrogated by the police and will be prosecuted for the French equivalent of wandering without visible means of subsistence.—From the Continental Edition of the London Daily Mail.

Captain Couldn't Answer.

Master Charles Wymond Potter accompanied his grandfather, Capt. Charles A. Wymond, to the river at Hannsville the other day to see that the elevator, boats, barges and coal were all right.

"Grandfather," remarked Charles, "why do they call dirt mud when it's wet, and dust when it is dry?"

No reply from grandfather, who is still thinking about the answer.—In Hannapolis News.
