

## ARE YOU MAKING HAY WHILE THE FINANCIAL SUN SHINES?

THE wise, farsighted ones are doing that by turning the high earning period into one of great saving. Others assume the attitude of "easy come, easy go," and are either failing to increase their proportion of saving or not doing any at all.

We want your savings here at the U. S. National Bank, but you may be sure YOU get the greater degree of benefit by doing so.

## Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3½-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50
