**T**HE women should certainly be thankful for the automobile. It has given them a chance to see a lot more of their husbands.

they're beginning to insist on *knowing what they are getting.*

And the more they insist, the better it will be for us.

II

But it has done a great deal more than that.

It has brought people closer together, given them new interests, swept away old prejudices.

**We want our customers to know what they are getting.**

That's why we represent U. S. Tires—so there will be *no doubt* about it.

Whatever the size of your car, you know that the U. S. Tire you put on it is the *best kind of tire* its makers know how to make.

III

It's had its effect on the tire business.

When automobiles were new people were willing to buy any kind of a tire. Now

U. S. Tires are guaranteed for life, *without any limitation* of mileage.

That ought to mean something to the man who has thought about tires.

Select your tires according to the roads they have to travel:  
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.  
For ordinary country roads—The U. S. Chain or Usco.  
For front wheels—The U. S. Plain.  
For best results—*everywhere*—U. S. Royal Cords.
