socialistic theory. Single tax would mean placing all of the burden of society on land. Friends, it appears again on the November ballot. Ten thousand legal voters in Oregon signed a petition to put the measure on the ballot for next November. Thank fortune they are not camouflaging the issue this time as they have in the past. This bill provides that after 1925, the full rent value of land shall be paid into the public treasury.

Yes, we will beat them at the polls in November, but, supposing times should change, soup kitchens should again appear in our cities, the unemployed again arise in large numbers, think of the tremendous additions that will be added to the socialistic strength in America. Propagandas of this kind grow in strength and power in hard times. We should not forget that this is still an experimental form of government, never before have any people attempted a form of government with the taxing power in the hands of those who pay no tax. For the majority of the voters in America today are not tax payers, they have the right to take your property and mine in the form of taxes and we are helpless to prevent as a new-born babe.

One of the causes of the American revolution was taxation without representation. The future may disclose that representation without taxation may lead to anarchy.

It doesn't matter, friends, how fascinating the plans of the North Dakota propagandists may appear, we must never for a moment forget that when this state commences to encroach upon the life of private business that it is the extension of the principle of socialism. We don't need any propagandists from North Dakota or elsewhere to work out our problems.

REPUBLIC TIRES
With S_TA_GR_D Studs

PRODIUM PROCESS and Staggard Studs are the two things that make Republic Tires last longer.

Rubber toughened and strengthened by the Prodium Process resists wear in a really remarkable way.

The Staggard Studs present no sharp edges to be ground down rapidly.

The net result is slow, even wear—like the slow even wear of good steel—and decidedly longer tire life.

Republic Tires and Tubes, both Black-tire Red and Gray, are made by
