The two features of design and con-  
struction which actually do make  
Republic Tires last longer, are ex-  
clusive to these tires.  
One is the Prodiun Rubber which  
forms the tread. It has a most un-  
common strength and toughness.  
The other is the Staggard Tread, in  
which the studs are so shaped and  
placed that all roll with the road  
and yet form a positive, really scien-  
tific non-skid device.
