You've heard it said that money talks,
Which is a truth immense,
For if you save your money
You will surely have some cents.
So, make your dollars work
As the days go flitting by,
When saving here your money talks,
But does not say good-bye.

THE HOME TOWN POET
Here will Tell
How to Beat Old
H. C. L.

HOW TO BE HAPPY
I will tell you a great secret—
One that's easy understood,
You can always be quite happy.
If you'll always be quite good.

To be good you'll find is easy
If you always bear in mind,
That whatsoever seed ye sow
You'll harvest the same kind.

If you're good you'll do your duty,
If you do you'll boost your town;
You'll be happier as a booster
Than a knocker with a crown.

A knocker is a misfit,
And he's ne'er a welcome guest,
While an ever-smiling booster
Always gets the very best.

Newberg folk will all be happy
If they all trade here at home,
They will help themselves and others
If their dollars do not roam.

If you try this road to happiness
You will very soon decide,
To keep it up forever
As a matter of local pride.

Then Newberg will thrive and
flourish
And you'll hear the people shout:
"If any man don't trade at home,
We'll throw the rascal out."

J. C. Porter's General Store
Can suit the pocket of rich or poor,
In quality Dry Goods and Fine Shoes,
The latest styles from which to
choose;
For groceries and things to eat,
The Porter Store cannot be beat;
If you trade there once, forever more
You'll patronize the Porter Store.

In this good town of Newberg,
One often hears it said:
That Newberg Bakery is the place to
go
For pastry and good bread;
Where the pies have lots of fillin'
Like those mother used to make,
And the baker isn't stingy
With the sugar in the cake.

REPUBLIC TIRES

With STAGGARD Studs

The longer life of Republic is
not alone due to the Prodim
process of hardening the rubber.

That process contributes most,
of course, to the greater tough-
ness of Republic Rubber.

But the Republic Staggard Tread
also helps to increase the mileage
and lengthen the life of the tire.

The long, oval, Staggard Studs, were
shaped as they are shaped, and placed
as they are placed, with a definite
purpose in mind.

There are just enough of them, and
they are so located, that at least
three whole studs are always
gripping the road.

We urge motorists to become
acquainted with our service.
It is available at all times.
