RUNABOUT SUPPLIES ASBURY PARK WITH WATER

When Jumping Brook jumped the dam recently, Asbury Park, New Jersey, with its 15,000 inhabitants faced an unpleasant drought. The Monmouth County Water Company, which supplies Asbury Park and the surrounding country, was up against it. Just as the water was lapping the bottom of the reservoir, Chas. H. White, superintendent of the Monmouth Company, solved the problem with a Ford runabout.

In a letter to Mr. Henry Ford, Mr. White tells of the breaking of the dam and the subsequent water shortage:

"This let down the water which is supplied from the storage plant to our coagulating tank, thence to our reservoir and cut off all supply of water and we could not get any after our reservoir was dry to supply the city. The dam broke out at 11 o'clock at night and we were completely out of water by the next morning.

"The writer was at a loss what to do for a rigging to pump water from our brook into our coagulating tank. I scoured the surrounding country for pumping outfits; the best I could do was get delivery in two weeks.

"I had a centrifugal pump in my storehouse that was dismantled

"Just look at that rooster," remarked the duck; "since he's begun crowing he's had his statue placed on top of the barn."—Farm and Home.

Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires, of the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available! \$4.50

GOODYEAR

seven or eight years ago. I immediately had this brought to the brookside and rigged up. In the meantime I attached a pulley to the rear wheel of one of your remarkable Ford roadsters, blocked the rear wheels, attached a belt to one of them and pumped the water from the brook to our coagulating tank, thus saving the day.

"This outfit pumped 750,000 gallons in twenty-four hours."

How He Could Help

"Can I do anything for you?" asked the sympathetic motorist of a dusty, grimy individual who was trying to find out what was the matter with his car, while a corpulent dame on the back seat kept up a running fire of comment and advice.

"Yes, you can," answered the man in trouble. "I wish you'd come over here and tell my wife the story of your life or do something else to keep her from meddling with me until I get this blamed job finished."—Birmingham Age-Herald.
