Chi Sung Pil, the Korean who was a student in Pacific College last year, returned from a trip to California the first of the week and is again enrolled as a student. Mr. Pil is an excellent student and he is also an excellent base ball pitcher which makes him doubly welcome among the ball players of the student body. Two other young fellows are in from Portland who are reputed to be crack players and the outlook for a good team seems promising. The basket ball fellows are also sizing up the situation and seem to be more than pleased with the available timber in sight.

Kenneth, the ten-year-old son of Mr. and Mrs. Ole Martin, is in a Portland hospital recovering from an operation that was made necessary by the fool hardy act of a couple of young fellows named Wright, who are 17 and 19 years old, respectively. The story told of the incident is to the effect that a few weeks ago while the boys were at the river, the Wright boys threw the little fellow from a springboard into the river. He was unable to swim and consequently he sank to the bottom and not until he came up the second time was he helped out by his tormentors. He apparently struck a snag and injured one hip, making an operation necessary.

As a result of a fire which consumed the house out at Rex on the Smith place Tuesday afternoon, the members of the James Ferrell family consisting of Mr. and Mrs. Ferrell and nine children, are left without household effects of any kind and without clothing, except the working clothes they were wearing. The fire is said to have originated in some way not known in a shed at the side of the house while all were away at work except Mrs. Ferrell and one daughter and everything went, as stated. The family came from some point in Washington a few months ago and the able bodied ones have been engaged in picking fruit and cutting wood. N. L. Wiley, furnished shelter and bedding for the family the night following the fire.

SUGAR'S LONG TRIP

The Chicago Post has discovered that while Chicago is about 1,400 miles from Cuba, as the crow flies, it is 9,000 miles from Cuba as sugar flies. That is because Chicago has to get its sugar from Canada, which in turn imports it from England.

It was originally brought from Cuba. And, weary from the long trip, the sweetening is retailed to consumers at the original price, plus traveling expenses and four substantial profits. And at that, it is doubtful if the sugar is as tired, after its long trip, as the consumer who greets it at the journey's end.
