NEWBERG DRAG SAW

PORTABLE—LEVER CONTROLLED

Moves to and from work same as a wheelbarrow. Reversible truck wheels—to move forwards or sideways. When rig is set and log hook fastened—engine is started. Then push in clutch lever to start saw—pull on clutch to stop. To stop engine shut off fuel.

ARM SWING MOTION ON SAW

Arm Swing is the fast and free cutting motion. This combined with Force Feed gives correct amount of pressure on saw blade. Log Hook holds saw on level with skids when moving rig—Lever Control works automatically if saw binds. This outfit will do the work of several men—earn its cost in a short time. Write us for prices and description.
