DODGE BROTHERS MOTOR CARS NOT REDUCED

Official confirmation of press dispatches from Detroit, announcing that there would be no reduction in the price of Dodge Brothers Motor Cars, has been received by McCoy Bros., the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Mr. McCoy. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."

CHEVROLET

Purchasers Protected against any reduction in prices up to May 1, 1921

We have the following telegram from the Chevrolet Motor Company:

We have no intention of changing the list prices established for the season of 1921, but in the event of any unexpected reduction in labor and material effecting the cost and justifying a lowering of the list prices of Chevrolet cars prior to May 1, 1921, we will refund to every purchaser during that period the amount of such reduction.

Signed, CHEVROLET MOTOR CO.

The cars that have lowered their list prices the last few weeks have been using a more or less inflated list price which is proved by the following figures. A careful survey of motor-car prices by the Motor World, one of the leading journals in the automobile industry, has revealed that the average increase on all cars has been only 37 per cent. This same authority gives the following interesting statistics showing the percentage of increase, and the actual money increase, on 18 different cars, between August 12, 1918, and August 12, 1920. Here is the tabulation:

HAYNES 6	805 or 43	“	“	BUICK 6	\$530 or 32 per cent
HUPPMOBILE 4	335 or 25	“	“	CADILLAC 8	970 or 33 “
LIBERTY 6	500 or 34	“	“	CHANDLER 6	300 or 19 “
MAXWELL	330 or 40	“	“	CHEVROLET 4	135 or 19 “
MITCHELL 6	400 or 30	“	“	COLE 6	655 or 27 “
NASH 6	380 or 27	“	“	DODGE 4	300 or 30 “
OAKLAND 6	345 or 33	“	“	DORT 4	160 or 17 “
OLDSMOBILE 6	255 or 20	“	“	FORD	200 or 44 “
PAIGE 6	275 or 20	“	“	FRANKLIN 6	745 or 33 “

The Chevrolet Car shows a raise of only 19 per cent, and you are protected against a change in price up to May 1st, 1921.

the hands rub with a slice of raw potato.

To remove iron rust from white goods use sour milk.

To prevent a dish from slipping when placed on the ice put a rubber ring (such as comes on fruit jars) underneath it.

Paint can be removed from window glass by a strong solution of soda.

Wet shoes should be stuffed with paper, which will absorb the moisture and prevent the shoes from getting hard.

Salt, we are told, because of its moisture, will allay dust; but it will also cause decay in rugs and carpets unless considerable care be exercised in keeping them dry, through frequent beatings, while hung in the hot sun.

To prevent wringing off buttons, do not cover them when wringing; lift the article on a slant toward wringer and the buttons will go through all right.

To remove stains and discolorations from tinware try rubbing with a damp cloth dipped in soda.

To remove paint spots from clothing saturate with equal parts of turpentine and spirits of ammonia.
