Bill, the Builder
Hits the Nail
on the Head When He Says—

"Tis Cheaper to Build Well at the Start Than to Make Repairs All Your Life"

Don't make the mistake of buying building material by price only. Under-size timbers that cannot stand the strain of weight are a poor investment at any price. A little careful attention to the requirements of your material will often save the expense of frequent repairs.

Strength Where Needed

When you buy lumber here, you get with it the benefit of our years of experience. We will gladly check your specifications with the plans and verify the correctness of the sizes you order. We will see that the sizes ordered are adequate to carry their load safely and enduringly.
