

George Peabody

When eleven years old he was a store boy, at middle age a merchant prince.

friend of royalty and active American patriot. Peabody gave millions for free education in America and England. "Economy and thrift" was his motto.

If you aim to get ahead in life you could adopt no better motto. The man who works steadily and honestly, lives sensibly and saves a portion of what he earns is certain to enjoy some "luck."

CHEVROLET

Purchasers Protected against any reduction in prices up to May 1, 1921

We have the following telegram from the Chevrolet Motor Company:

We have no intention of changing the list prices established for the season of 1921, but in the event of any unexpected reduction in labor and material affecting the cost and justifying a lowering of the list prices of Chevrolet cars prior to May 1, 1921, we will refund to every purchaser during that period the amount of such reduction.

Signed, CHEVROLET MOTOR CO.

The cars that have lowered their list prices the last few weeks have been using a more or less inflated list price which is proved by the following figures. A careful survey of motor-car prices by the Motor World, one of the leading journals in the automobile industry, has revealed that the average increase on all cars has been only 37 per cent. This same authority gives the following interesting statistics showing the percentage of increase, and the actual money increase, on 18 different cars, between August 12, 1918, and August 12, 1920. Here is the tabulation:

BUICK 6	\$530 or 32 per cent	HAYNES 6	805 or 43 " "
HUPMOBILE 4	335 or 25 " "	CADILLAC 8	970 or 33 " "
