NEWBERG, YAMHILL COUNTY, OREGON, THURSDAY, OCTOBER 28, 1920

No. 4

SATURDAY MASS MEETING PROGRAM

Proposed Measures To Be Voted On Will Be Discussed At Club Rooms

On Saturday afternoon at 2 o'clock a public meeting will be held at the club rooms for the purpose of discussing the measures to be voted on next Tuesday.

It is desired that every person in Newberg and vicinity who is interested, come to this meeting, and give his fellow citizens the benefit of his opinion concerning the right way to vote on the measures presented for voting upon at the general election November 2.

That is what the meeting is to be held for, that every person have an opportunity to throw any possible light upon the most sensible, most desirable way to vote on these measures.

To insure that the meeting be held promptly, run smoothly and waste the time of no one, a formal program of speakers who will present or discuss the various measures for consideration and discussion, has been outlined as follows:

C. R. Chapin: 300-301 Compulsory voting and Registration.

Dr. J. S. Rankin: 312-313 Anti-Compulsory vaccination amendment.

W. H. Woodworth: 306-307 Single Tax Measure.

Mrs. E. E. Goff: 204-205 Oleomargarine Bill.

O. F. Kilham: 320-321 State market commission bill.

S. L. Parrett: 314-315 Constitutional amendment, 4 per cent bill.

R. J. Moore: Mr. Moore to lead discussion covering 4 per cent bill.

H. A. Wright: 316-317 Roosevelt bird refuge measure.

C. A. Butt: 302-303 Constitutional amendment regulating legislative sessions and payment to legislators.

C. A. Butt: 318-319 Divided legislative sessions, constitutional amendment.

Mrs. L. A. Moore: 308-309 Fixing terms of certain county officers.

Thus far we have found no one who cared to present the Port of Portland dock commission consolidation bill 310-311. In case no one is secured before Saturday, the purpose of same will be briefly outlined by the chairman, and a general discussion invited.

Jesse Edwards has very kindly consented to act as presiding officer during the meeting.

We are to have a rousing meeting, and we want you to come out and give others the benefit of your ideas. You cannot afford to stay away.

Publicity Committee.

ANNOUNCEMENTS FOR FRIENDS CHURCH

Next Sunday morning, Rev. L. C. Hinshaw, Superintendent of Oregon Yearly meeting will preach at the Friends church. All are welcome, and all members are urged to be present.

At the Evening meeting, 7:30, the pastor, Fred E. Carter, will preach the third of a series of sermons on "The Gospel in the Book of Jonah." Some questions relative to the subject which were handed in at the close of the meeting last Sunday night will be discussed by the pastor and at the close of the meeting next Sunday evening opportunity will be given for questions to be asked. If you have a question on this subject of "Jonah" we hope you will feel at liberty to ask it right out in meeting and if we cant answer it we will be honest enough to say so.

Special Evangelistic meetings will begin at our church Sunday morning November, 7th. Rev. H. Elmer Pemberton, pastor of the South Salem Friends church will assist us in this effort.

Fred E. Carter, Pastor.

AN OPPORTUNITY

Yes indeed! If you are fond of mothers cooking you will find it at the Presbyterian Hallowe'en supper, Friday evening, beginning at quarter of six. There will be a varied menu from which to select what you like best. Roast meats, vegetables, salad, baked beans and brown bread, cakes, pies etc. all home cooking and your friends to serve you—come and enjoy a social meal.

TOO MUCH MOONSHINE LANDS TWO IN BASTILE

Jack Curley, who lives over the mountain north of Newberg, and one Pat Donovan, of Portland, claimed to be an employee of Curley, visited Newberg Tuesday evening, and by their unseemly conduct soon became involved in trouble which resulted in landing the pair in the city jail.

Marshal Ferguson and night officer Henry, who made the arrest, found in possession of the prisoners about two and two third quarts of moonshine and two empty quart bottles that had evidently contained booze but a short time previous to the arrest.

On Wednesday afternoon the prisoners were arraigned before Magistrate Churchill, and charged with intoxication and with unlawfully having in their possession a quantity of whisky, to which they both entered pleas of guilty in each of the two cases. Donovan drew a fine of \$25 for intoxication and \$50 for having liquor unlawfully in his possession. Curley was fined \$20 and \$50 respectively on the two charges and the moonshine was confiscated. In default of bond the prisoners were committed to jail to lay out their fines and cost, after which will come the climax.

While the two unhappy Hooligans were being conveyed to the county jail, a squad of revenue officers visited the Curley place and found the still where the O-be-Joyful was manufactured. The officials also found a lot of mash but none of the finished product. Curley owns 20 acres of land and has other acreage leased. It is said that Curley has been regarded as a fairly decent fellow, but Donovan is said to have a bad record about Portland. He is said to have recently returned on a vessel where he was employed as cook, on a voyage to Japanese and Chinese ports. When he has made proper amends to Uncle Sam, he will be at liberty to go on another trip to the land of cherry blossoms.

LITTLE GIRL BADLY BURNED

Hazel, the 13 year old daughter of Mrs. Mary Cooper, who has rooms at 901 First street, was severely burned on Friday evening about 4 o'clock. The little girl had come home from school and as usual began to make preparation for the evening meal, her mother being employed at the Steam Laundry and not usually arriving at home before five o'clock. Hazel was starting a fire in the kitchen stove when her apron accidentally came in contact with the fire and was in a blaze before the child was aware of the fact. When she first discovered that her clothing was on fire her first impulse was to roll on the bed to smother the flames, but she was afraid if she did the building would be destroyed so, she ran down stairs, her screams alarming persons on the first floor. The first person to meet her was Mrs. Laura Williams' daughter, Roberta, a girl of 13, who with rare presence of mind for one so young, threw Hazel to the floor and enveloped her in a coat just in time to prevent the flames from reaching the hair of the Cooper girl, which was hanging loose over her shoulders.

Mrs. Snyder, who also rooms on the first floor of the building where the accident occurred, hurried to the aid of the unfortunate one and after throwing a bucket of water on her to extinguish the flames, proceeded to tear the clothing from the little girl's body. Dr. Sarah Smith was speedily summoned to the relief of the little girl who was horribly burned about the body, arms and neck. Mrs. Snyder, who works at the Smith Restaurant, was unable for duty next day as her hands were blistered in tearing the clothes from the little girl, who but for the quickly rendered first aid of the young Williams girl and the prompt work of Mrs. Snyder would doubtless have been burned to death. The little girl is doing as well as can be expected.

IMPORTANT NOTICE

The Parlor Pharmacy, on and after November 1st, 1920, will be open on Sunday from 8 o'clock a. m. to 8 o'clock p. m. On week days from 7 o'clock a. m. to 10 o'clock p. m.

The Newberg and Dallas high school teams will play a foot ball game on the local field Friday afternoon.

YAMHILL COUNTY C. E. CONVENTION

Fifth Annual Gathering Kindly Received By Citizens of Dayton

The fifth annual county C. E. convention was held at Dayton last week end with a large attendance present throughout the sessions.

The convention opened at ten o'clock on Saturday morning, with the first session being devoted to the consideration of the theme "Forward March." Several short talks were given by different workers and Lester Jones, of Dayton, gave the keynote address on "What a Christian Must Possess to Go Forward."

Following a basket lunch at the noon hour the most important phases of C. E. life and activities were taken up in conferences by the various leaders. Faye Steinmetz, the state president, gave a helpful and inspiring talk, and following a short business meeting the convention adjourned and sought outdoor exercise.

After the banquet the Endeavorers met again to hear the presentation of the "Quiet Hour" by Jane Hollingsworth and "The Fortieth Century Goals" by Walter Myers. Mr. Ford, one of Dayton ministers, gave the evening message. During the evening Olive Sals raised a budget of \$164.00 for the next year.

On Sunday the C. E. meeting was held at 9 o'clock under the leadership of Jane Hollingsworth. At 2:15 the closing session opened with music, furnished by the McMinnville orchestra, composed of five of the young men and a pianist. Five educational degrees were awarded and the new county officers for the coming year were installed, by the state president. The closing address was given by Walter Myers on "Motive Power."

Dayton citizens gave for the efficient entertainment of the convention. Mr. Marcy, the Methodist minister, led the singing and acted as toastmaster at the banquet prepared by the Methodist ladies. The homes were freely opened to the young people and it was certainly appreciated by those in attendance from over the county.

LITTLEFIELD-LEISTER WEDDING

On Wednesday evening, October, 20, at the home of Rev. Mr. Gray, of Portland, Violet Marion P. Leister and Hobart H. Littlefield were united in marriage, a very impressive ring ceremony being used.

They will reside in the Harrison Court apartments and will be at home to their friends after November first.

Mrs. Vandell is able to be out after her recent illness.

CLUB SOCIAL MONDAY NIGHT

Attendance Good and Lengthy Program of Merriment Given

A good sized crowd gathered at the Commercial club rooms on Monday evening in response to an invitation to attend a social rally, and two and half hours were spent in fun and frolic, with Dr. Ralph VanValin in charge as director, assisted by Bert Miller and others.

There were picture guessing contests, apple nibbling from suspended strings, marshmallow eating contests and various other mirth provoking stunts engaged in, the climax being reached when S. P. Timberlake and J. D. Gordon were called out to solve the mysteries contained in two suit cases, each of which it was announced, had been packed by a Newberg lady. A prize was announced for the one who would most quickly open up one of the suit cases.

Don the clothing, walk the length of the room and return, undress and repack the clothing. It was some wardrobe, each of the suit cases contained, and while it was not voted that every article received the attention a society belle would have given it, the display was all that could be desired. The prize went to Mr. Timberlake, with J. D. a close second.

The "League of Nations" was featured by Bert Miller impersonating Cox and Henry Craw, Mr. Harding in a glove contest, each standing in a barrel properly labeled. There were several knockouts, Craw finally refusing to respond when going down the last time, though his seconds declare it was a put up job.

Music for the occasion was furnished by Mrs. Chas. A. Morris and Miss Paul Newmyer, each giving vocal solos, with Miss Jessie Britt as accompanist.

Refreshments were served at the close of the program.

HOUSEHOLD HINTS.

When making a dress, notice if the two sides of the sleeve are alike at the arm-hole. If they are the seam in the sleeve should be sewed to the seam under the arm in the waist. If they are not alike the seam in the sleeve should be placed two inches in front of the seam in the waist.

Make a practice of washing ice chest with cold or warm water in which washing soda has been dissolved. If by chance milk or butter is in the box and anything is spilled it will quickly absorb the odors; for that reason milk, butter and cheese should always be covered.

THE HIGH SCHOOL AGRICULTURE NOTES

On Monday, October 18, the Farm Animals class visited the Lone Fir ranch, about a mile and a half north of town.

The proprietors, Messrs Newman and Kendall, are operating one of the leading dairy farms in this vicinity, and have a herd of excellent grade cows. One pure-bred registered animal was seen, but it is not the policy at the present time, to go in for such stock.

The boys were given a chance by Mr. Newman to judge the herd. They had not been posted beforehand, so were given a fine opportunity to note how little the average layman (not a dairy enthusiast) really knows about picking good cows.

There was much merriment when, in judging the Holsteins, quite a large group of boys centered on one cow as the best in the herd, only to be told a moment later that said cow was actually the poorest one. Certainly a number of the boys learned that one must study the cow in order to pick a winner. Judging (with other things) is being studied at the present time.

Mr. Kendall very kindly offered his services with a view of coaching a possible judging team to represent the department at the International Livestock Show.

From the barn the boys went to the milkhouse. The general and detailed evidences of cleanliness and efficient facilities for handling milk were noted. The impression was had that, one buying milk produced on this farm, would get a clean, healthful product.

On Thursday, October 21, the Farm Field crops class visited the Meadowvale farm, on Portland road, where a big silo was being filled.

The work was going with a rush and was an entirely new and novel type to a number of the boys. They inspected the silo from top to bottom. The peek in at the top surprised some, especially the fineness of the corn when cut; and the presence of the four men and a boy tramping.

Mr. Newmyer, the manager gave the boys the run of the place, and subsequent writeups in note-books showed that about everything seeable and hearable had been noted.

The class in Horticulture, the afternoon of October, 21, visited the Prince walnut orchard at Dundee. The nuts had been harvested and were being washed (Trunk washer); and through the dryer as are pruned. The work was new to all.

Mr. Hayward gave us an invitation as he put it "to eat our fill." We certainly did, and who shall say that a few stray nuts did not find their way into pockets as well as the stomachs.

The orchard was inspected insofar as time would permit, and especially the section given over to filberts. It would probably be very difficult to find a nicer block of bearing filberts trained to tree form. It was a revelation to many in the class.

Of ninety minutes, twenty to go and twenty to return (as in this case) does not leave much time for inspection, but the trip even under such conditions was very much worth while.

Brother Farmer—if you have anything of which you are proud, remember us at the other end of the line—Red 86, or Red 221.

Oliver F. Kilham,
Director Agriculture Department,
Newberg High School.

NEW FIRE APPARATUS IN PROSPECT

At a special meeting of the city council held Monday, evening, October, 25, a committee representing the Newberg fire department met with the council and urged recommendation that the council agree to purchase an American La France combination chemical and hose car mounted on a one ton truck. A contract submitted by A. G. Long of Portland, with the understanding that they would hold the equipment for the city awaiting the outcome of the bond election to be held December 2. If said bond election does not carry the contract is null and void. The council approved the signing of the contract on this basis unanimously.

Newberg has long been in need of better protection and the action taken by the council is assuring to the people, that their homes will soon have the protection they warrant.

WOMAN'S AUXILIARY PACIFIC COLLEGE

Report Made at Annual Meeting Shows Very Gratifying Results

The annual meeting of the Woman's Auxiliary to Pacific College was held at the regular time and the reports showed a very gratifying degree of activity along all lines.

A most interesting part of the program was the inspection of the work done in repairing, painting and kalsomining in both the dormitories. All were delighted with the marked improvement in the appearance of the rooms. The cost of the improvement, \$383.87, was met by subscriptions secured by the committee in charge, who reported that it had been a delightful task, owing to the willingness of everyone to give.

Our Sale members very generously sent \$50.00 and some were received from others away from Newberg.

The membership committee reported that all except two persons whose names were on the book had paid their dues for the past year, \$172.75 having been received from this source, of which \$32.25 was from the Portland branch auxiliary.

The house committee have canned or had donated something more than 700 quarts of fruit, jam, pickles, vegetables, etc., which will be sold to the dormitory club at 25 cents per quart. They reported having received \$135.00 for the fruit last year.

Some much needed changes have been made in the kitchen, including the installing of a large double-oven hotel range, which is much appreciated by the cooks.

A reception hall has been arranged for the boys dormitory at last, though it is not yet entirely furnished, the committee being engaged in trying to stretch the available funds to cover both some rockers and straight chairs. The donation of a graphophone for this room would be deeply appreciated, by the auxiliary as well as by the boys.

The treasurer reported the receipt of \$364.74 for the year, and the expenditure of \$767.22.

The officers were all elected to succeed themselves, viz: Berta K. Terrell, Pres., Olive G. Elliott, Vice Pres., Stella Crozer, Secretary, Elizabeth Sutton, Treasurer.

There have been six payments, amounting to \$900.00, made on our \$3,000 endowment note. We hope to pay \$100.00 more next month, making our paid up endowment even \$1,000.

Submitted by the Secretary.

PRESIDENT COMFORT OF HAVERFORD VISITS NEWBERG

On Wednesday afternoon President W. W. Comfort of Haverford College, Pennsylvania, arrived in Newberg and at 3:20 o'clock gave a talk to the students at Pacific College. In the evening he was taken for a drive out into the Dundee prune and walnut district where he was given first hand knowledge of these two industries.

He was taken through the walnut and prune packing plants and showed keen interest in everything he saw.

At 7:30 o'clock a reception was given in his honor at the college where he mingled with the students and faculty and others in attendance.

President Comfort is making his first visit west of the Mississippi, being out in the interest of a campaign for additional endowment of half a million dollars for Haverford, and is calling on the scattered members of the alumni of that institution. The desired amount is so nearly raised that it will probably be completed by the time he reaches home.

SPEAKS ON LIFE OF FRANCES E. WILLARD

Mrs. M. C. Wire spent last Friday at the grade school building speaking to the pupils on the life of Frances E. Willard. In the absence of an assembly room it was necessary to group the pupils by grades. Mrs. Wire was a personal friend of Frances E. Willard, and her talks were full of life and interest. The teachers and pupils wish to express their appreciation to Mrs. Wire for her sweet message, and extend to her a hearty invitation to visit the grade building again.

We Seem to Have a Bumper Crop of Everything This Year Except Democrats.
