

J. Pierpont Morgan.

He was born into wealth, but he knew the value of thrift and practiced it. Ready

money wisely invested made him an international financier, and ready money enabled him to save the country from possible panics in the late seventies and in 1907 by control of financial resources.

Ready money will be just as valuable to you as it was to Morgan if you hope to enjoy prosperity and comfort and be free of debt worries. Be ready to face the future courageously and cheerfully, no matter what Fate decrees—be it sunshine or sorrow.

Come in today and start an account with us. Add to it from every pay envelope you get. Funds in bank strengthen a man's "backbone."

Multiply your money in our care.
