DUNDEE

Buy Christmas stamps and fight tuberculosis.

Louis Mortz, of Minnesota, is a guest at the Wm. Forbs home.

Rev. L. E. Taber and family are going to make their home here in the parsonage from now on.

Don't tell anyone, but we have obtained some inside dope, and that is that there will be a "moonshine" booth at the fair. Mum now!

The regular correspondent, Mrs. E. S. Greer, is expected home soon and we hope that she won't be too hard on us for what we did and didn't do.

In the most exciting basket ball game of the season, the Dayton high quintet beat the Dundee high school five 15 to 14. We are sorry that we were unable to see the game, but most folks say that there sure was not anything tame about it.

Another one of those "can't be beat" parties at Community Hall was given last Friday night, this time by the "Co-Workers," a Sunday school class of real pretty girls. We would like to join, but only pretty girls are admitted.

After going up to the new mayor's office, and interviewing him, it was suggested that we get the opinion of that well known man, Nick Wall, so after explaining to him our purpose we directed the following question to him point blank: "What is your opinion of the great issues of the day?" His answer was: "My opinion is that it will be wet all day, although I am not sure."

Don't forget the Community Fair at Community Hall next Saturday night at 8:00 o'clock, by the Dundee Women's Club. There will be produce booths, a quilt and fancy work booth, amusement booths, and refreshment booths, with everything to eat and drink. An admission fee of five and ten cents will be charged at the door, and for most of the booths there will be small charges ranging from a penny up. Some will

"for clean oil in a clean engine"
Inside facts on a dirty job!

YOUR ENGINE requires an internal bath frequently. Road dust, carbon from the combustion chamber, and fine particles of metal worn from the bearing surfaces get into the lubricating oil in the crankcase. All this dirt circulates with the oil through the engine. If it isn't drained out regularly there's bound to be excessive wear and tear.

Gasoline also escapes past the pistons and dilutes the oil.

Modern Crankcase Cleaning Service gets rid of the dirty, diluted oil,

flushes the crankcase thoroughly and refills with clean, fresh oil.

The garages listed below are now equipped to perform this needed service quickly and for a nominal charge. We use Calol Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh Zerolene refilled into the cleaned crankcase.

TODAY: Bring in your car for Modern Crankcase Cleaning Service. It will result in better engine performance and longer life for your car.

Mrs. F. H. Wilson and three children, from Reedville, are visiting her parents, Mr. and Mrs. R. Bahringer.

The following city officials were sworn in at a city meeting Monday night: Paul Groth, mayor; W. H. Bentley, recorder; Emil Sander, treasurer; John Parrett, marshal; R. Bahringer, Venable, and Fred Smith, councilmen. It was proposed at the meeting, that an effort be made to have the state pave the street on the same grade as that of the sidewalk.

The Parent-Teacher association held their regular meeting in the school house Tuesday evening, with Mrs. Holmeyer presiding. At the last meeting Mrs. Greer was elected president, Mrs. Powell vice-president and Mrs. Diment secretary-treasurer. Mrs. Greer was away and as Mrs.

Powell could not accept, Mrs. Reynolds was elected vice-president at this meeting. Those taking part in the program were, Miss Marten, Miss Baker, and Prof. Ailor. The latter told how we should strive to educate instead of graduate. He also spoke about the cigarette evil, and other things of interest. The next meeting will be held the first Tuesday after New Years at 7:30 in the evening, and all parents should attend, fathers as well as mothers.
