

PUBLIC ENEMIES

If you build a line of railway, over hills and barren lands, Giving lucrative employment to about a million hands; If you cause a score of cities by your right-of-way to rise, Where there formerly was nothing but some rattlesnakes and flies; If when bringing kale to others, you acquire a little kale, Then you've surely robbed the peepul and you ought to be in jail.

If by planning and by toiling you have won some wealth and fame, It will make no odds how squarely you have played your little game. Your success is proof sufficient that you are a public foe— You're a soulless malefactor, to the dump you ought to go; It's a crime for you to prosper where so many others fail; You have surely robbed the peepul, and you ought to be in jail.

Be a chronic politician, deal in super-heater air; Roast the banks and money barons, there is always safety there; But to sound the note of business is a crime so mean and base, That a fellow guilty of it, ought to go and hide his face. Change the builders' song triumphant for the politicians' wail, Or we'll think you've robbed the peepul and we'll pack you off to jail.—Walt Mason.

WHEN LIGHT DAWNED ON HIM

Young Man Understood Why the Maiden at First Shrank From His Warm Embraces.

After the glory of the setting sun it was dark. The man felt afraid as he stumbled on after his companion who, woman-like, went straight ahead, regardless of all obstacles.
Angry murmurs from the unseen people whose toes they trampled on followed them like the wash of a steamer. But she paid no heed; to him fell the duty of muttering apologies.
Just as despair was seizing him he saw her straight ahead. She had obtained a seat. And investigation showed that the one next to hers was empty. Into it he sank thankfully. The picture was one of love and bravery, with the usual fair heroine and handsome hero and beetle-browed villain. As they watched he slipped an arm around her slender waist and drew her to him.
She struggled for a moment, much to his surprise. Then she yielded, and he felt her nestle close to his manly chest.
Five minutes later the picture ended, and the lights went up. Then he understood—he was embracing the wrong girl.—London Answers.

It is further expressed in the durability of its finish, which seldom requires more than a thorough cleaning to bring back its original lustre.
