The Miracle Wrought With

DU PONT
STUMPING POWDERS
Du Pont and Repauno Brands
(Pacific Northwest Products)

A FIELD of stumps and boulders, lying idle, unproductive—bringing money to the tax-collector and no one else. Next season a smooth, fertile field waving with wheat or corn or filled with fine potatoes. Such is the miracle being wrought every year on hundreds of farms in this state through the use of Du Pont or Repauno Stumping Powders.

"Clear More Acres—Make More Money"

—that is the slogan of the progressive farmer of today. Last year was one of the biggest land-clearing years this state has ever known. This year will be a record-breaker. Simply because it is sound business to make unproductive land produce.

You do the job only once and pay for it only once. The first crop usually more than pays the cost. Then every future year each crop will add to your profits.

See our local dealer and order your season's supply. Always specify Du Pont or Repauno Stumping Powders. They are always dependable, high quality, low-freezing and no dynamites are cheaper.

This is some of the work that dynamite will do for you: It removes stumps and boulders, digs ditches, drains swamps, straightens streams, makes tree-holes, shatters hardpan. A 100-page book which explains the latest methods for doing this work will be sent free on request.
