While the federation is not handling the funds the members of the various clubs are helping in the work and the prompt sale of the stamps is urged.

On Wednesday evening a meeting of the Dundee Memorial Park association was held at Community hall. The report of the Park committee was the chief topic of interest. About seventy native trees and three of nursery stock have been set out. Plans for cultivating and caring for the park were discussed and a park

bee, to be held later in the season, was agreed upon.

The Parent-Teachers' meeting at the school house on the afternoon of April 5th was well attended. The program consisted of a duet by Elizabeth Bennett and Thelma Starr; a group of songs by Prof. Powell's class; led by Miss Minier, and a talk on India by Miss Louisa Lee of Newberg. The description of religious beliefs and customs, and of Indian life were both interesting and instructing and the souvenirs were greatly enjoyed.

John Workman came out from Portland on Friday to spend a few days putting his loganberries in proper shape. Mr. Workman came laden as a messenger of the Goddess Flora and generously shared his treasures with his Red Hills neighbors. If you came from the eastern part of the country and have not seen Mandrakes, Jack-in-the-pulpit, Bloodroot and Eastern Buttercup since childhood, you will understand what pleasure Mr. Workman's gifts have caused. When blossom time comes Sylvan Springs and Otterbrook will be veritable shrines of youth, and all interested in viewing such childhood associations will be cordially welcomed to view the newcomers to the western land.

In the Sunday school attendance contest, which has just closed, the "Blues" were winners. But the "Reds" were game losers, so last Friday evening they gave the "Blue" their dues. All agreed they would like to be April fools that way often for a delicious cafeteria supper was served, followed by a program. Mr. Hill made an able and affable sergeant-at-arms and rendered efficient aid to the ladies' committee. With his assistants, Ward Bahringer and Fred Hutchinson, he marshalled the files in line for supper, so that all were served well and quickly and managed so well that, although at times the wide floor was covered with merry, romping children, not an accident occurred to mar the happiness of the tiniest tot. The second part of the evening's entertainment was no less attractive than the first. A vocal solo by Mr. Barnes was so much enjoyed that an encore was demanded. Miss Selma Wolky played the accompaniment. Rev. Tabor gave a reading, Fred Hutchinson followed with a few good jokes and then with a fitting ceremony, Grace Johnson, leader of the Blues, was crowned queen. Both the queen and her consort were dignified and gracious and all present were delighted to be counted among their loyal subjects. The evening closed with a general frolic in which all age limits were forgotten and the games played by every one present. The whole evening was one of good fellowship and will long remain in memory as one of the most enjoyable entertainments ever held in Dundee.
