DUNDEE

The Epworth League will sponsor an entertainment of an unusual nature on Saturday evening, April 30, at the Community hall. Come and let them take you through an institution very similar to one found in Salem.

Mr. and Mrs. Richard Morecroft spent the week-end in a drive to Seaside. They report a paved road all the way with scenery that rivals the Columbia highway. It is one hundred and sixty miles from Dundee to Seaside.

An interesting business meeting of the Dundee Woman's club on last Thursday was followed by a program on Oregon and a social hour. Mrs. Joseph Herring was hostess with Mrs. Bennett, Mrs. Alfred Allan and Mrs. Newton Bailey as assistants. Several guests were present.

Word has been received of the death of Miss Helen M. Hatch, who passed away at Eugene, the home of her sister, Mrs. Wm. G. Steel, on Thursday last. Miss Hatch has always made Otterbrook a second home and has many friends in Dundee who will miss her visits here.

The regular monthly meeting of the Parent-Teachers' association will be held at the school house on next Tuesday, May 3, at 3:30 p. m. Rev. Tabor will give a talk on civic pride. At the business meeting Champoe Day will be discussed. It is hoped that there will be a large attendance.

P. Waldo Davis, the noted musician, will give an entertainment in Dundee on Saturday, May 7th, at 8 o'clock p. m. Mr. Davis and his wonderful chimes have been attractive features at all of the recent great expositions and Dundee is fortunate in securing him for a musical evening. Local talent will assist.

On Saturday evening last one of the very best plays ever given by local talent brought out a large crowd of Dundeeites with a goodly sprinkling of friends from Newberg and Portland. The play was "Men, Males and Matchmakers" and every member of the cast was so well taken that special mention would be out of place, save for the very excellent character work of John Trunk, who was the particular star of the evening. John's disguise was so complete that only reference to the printed program established his identity. He entered so heartily into the character of the irrepressible jocular doctor and delivered his lines with so much expression that the audience was enthusiastic in praise of his work. All the others in the cast came in for their share of applause and approval, as did those who so kindly assisted with the musical program. Those taking part in the play were Mrs. Francis Keyes, Misses Pauline Powell, Doris Parrett and Bernice Keyes, and Messrs. David Marr, Henry Billich, Francis Keyes and John Trunk. The play was directed by Mrs. Frederick C. Herring, who is to be congratulated upon the smoothness with which everything went off, and the excellence of the stage management. Thanks are given to Mrs. Warrens of Portland, Miss Selma Wolsey, Mabel Tabor, Mr. Barnes and Mrs. Herring for the music furnished during the evening.

Several of the ladies of the West Chehalis W. C. T. U. plan to attend the W. C. T. U. conference in Newberg Wednesday of this week.

Last Sunday Mr. and Mrs. E. G. Fendall, De Vere and Lois Fendall, Rev. Brock and Rev. Miller took dinner with Ben Yergen and family.

S. Managre and family visited at the home of Jules Pichette last Sunday. Mr. Managre is a nephew of Mr. Pichette and has a large farm near St. Paul, Oregon.

William Dolph, De Vere Fendall and Ralph Baker plan on attending the conference of Sunday school workers of Newberg and vicinity, to be held in the Baptist church Friday evening of this week.

The West Chehalis church now has a male quartet, which made its debut last Sunday. We shall hope for more in the near future. The ladies are also thinking about forming a sextet in the near future.

Miss Ethel Bush, who is attending high school in Newberg, spent the week-end with her parents, Mr. and Mrs. George Bush, who now live on a farm near Yamhill, and also attended the Sunday school and church services in West Chehalis. People here are always glad to welcome familiar faces at West Chehalis.

CHEHALEM CENTER

Frank Remillard made a business trip to Portland last Friday.

Mr. and Mrs. Ernest Everest of Vancouver were visitors Sunday at the home of Mr. and Mrs. W. R. Everest.

The Misses Fay Muir and Margaret Johnson of Multnomah hospital in Portland, are out home for some time.

Carl Monach and sister and father, accompanied by Carlos Johnson, motored to Salem Tuesday in the Buick Six, to attend the Growers' Co-operative association, April 26th.

There were a number of people gathered at the school house last Friday evening to hold a road meeting, having held a number of meetings in regard to better roads and items of interest to farmers. They decided to organize into a club. They named Billy Sullivan president and N. P. Nelson secretary. They expect to hold a meeting soon again with an interesting program and refreshments and will invite the ladies to be present.

Mrs. Marie Tange and the Misses Anna and Elsie and Aubrey Tange report a very pleasant evening spent at the home of Mr. and Mrs. Nels Rasmussen and son, Carl, last Thursday evening in Newberg. Other guests of the evening were Mr. and Mrs. Nelson and Oscar and Emil, Hans Peterson, Mr. and Mrs. Gilbert Grimes and Mr. and Mrs. Dennis Griggs. Mr. and Mrs. Rasmussen have traded their property for some property in Oregon City.

Mr. and Mrs. Sam Hewitt of Portland visited at the Sanderman home from Saturday to Sunday evening.

There were several Rex people in attendance at the funeral of Dr. Littlefield on Thursday of last week.

Mr. and Mrs. Simon Sanderman, Mrs. Asmus and Mae Wiley went to Portland Thursday to do some shopping.

Rudolph Shad visited the school Friday and gave a few selections on his cornet. We all enjoy music and visitors.

The Rex school was dismissed at noon on Thursday so the teachers and some of the pupils could attend the funeral of Dr. Littlefield.

The long racks of cordwood near Rex, owned by Jenkins and Garland, have all been sold and shipped, as has nearly all the other cordwood in this community.

A series of talks on "Young People of the Bible" is being given on Sunday evenings at the Friends church. Music will be a special feature of these services. Come and help us sing. A special invitation is extended to the young people.

Word has been received from Mr. C. J. Lewis, who was a former resident of Rex. After leaving here he moved to Berkeley, California, and bought a grocery store there. He has sold out again and moved to Montana, where he has a good position.

SPRINGBROOK

Mr. Muir is spending a few days at Forest Grove.

C. E. Newhouse went to Portland on business last Friday.

Several prominent farmers journeyed to Salem on Tuesday to attend the Oregon Growers' conference.

To gather first hand the beauties of Oregon, Mr. J. L. Haworth left Wednesday morning for the rock-bound coast with his nephew, Bertie Rogers, where the latter will see for himself the magnificent scenery before departing for his home in the far off state of Illinois.

C. D. Childs, having sold his farm, journeyed to Salem last Saturday, where it is reported he has purchased an elegant mansion and expects to move there this coming week. This community will undoubtedly feel the loss of such a high grade American citizen and wishes him all the luck and best wishes the future holds for him and family.

HENS WITHOUT WHEAT
GIVE GOOD RESULTS

More Eggs Obtained From Pen of Rhode Island Reds.

Mash Containing Only 15 Per Cent Meat Scrap Gave Very Satisfactory Results—Experimenting With Green Feeds.

(Prepared by the United States Department of Agriculture.)

Poultry-feeding experiments conducted by the United States Department of Agriculture, last fiscal year, show that practically as good results can be obtained without wheat as with it in a ration. The Rhode Island Reds, in the wheatless pen, averaged 140 eggs, while those in the pen receiving wheat averaged 134 eggs. Good results were obtained with the use of garbage until the warm weather began, when there was considerable mortality, due apparently to the garbage spoiling. This work is being repeated this year with much more satisfactory results, the garbage being fed in a trough on a large wooden feeding board, which prevents it from getting on the ground and decaying.

In the use of vegetable proteins the relative order of production is the

same as it was last year. No success has followed an attempt to substitute completely vegetable proteins for animal protein. The ration used last year, a mash containing only 15 per cent meat scrap as compared with 20 to 25 per cent in the ordinary mashes, gave very satisfactory results with the heavier breeds, especially the Plymouth Rocks, in keeping the birds in good physical condition and fertility, though the egg yield was not quite so good as when the higher per cent of meat scrap was used.

New experiments were begun during the year with green feeds, comparing alfalfa meal with sprouted oats and comparing these rations with one in which vegetables were supplied. While none of these green feeds have shown marked increased production over any other, the results have emphasized the importance and value of that form of food when given in a variety.

Whatever else you may say about him the bootblack certainly has lots of polish.

BURN CHINCH BUG NESTS

Chinch bugs have made their appearance in certain parts of the United States.

One chinch bug destroyed now may prevent the production of hundreds to infest your wheat field later.

Chinch bugs pass the winter and early spring in wild grass and leaves, especially along hedges and fences and in the edges of woodlands adjoining cultivated fields.

Burn grasses, leaves and other trash where the bugs may have found winter refuge. The bugs not burned will be killed by exposure to the weather. Clean up all trash and rubbish which may harbor the insects in winter.
