In the latter part of August, the Pennington family plan to leave Richmond, Indiana, for a trip overland in a Ford for Oregon. This is to be their vacation and they intend to visit relatives on the way. The new Ford is said to be "halter broke" already.

Willis Corey and wife, who are living in Wheeler county about thirty miles from Condon, came out from Portland the latter part of last week and spent the week end renewing old acquaintances here. They went to Dundee on Monday to visit their daughter, Mrs. P. J. Groth. They expect to return to central Oregon in about another week. Mr. Corey says that he much prefers Newberg but that he has a good position in central Oregon.

Mr. and Mrs. Perry Smith, who live on the Portland road about a half mile east of town, entertained seventy-seven of their relatives and friends from Battle Ground, Wash., last Sunday at a picnic dinner on the lawn at their home. A fine time was enjoyed by all and an indication of the excellent treatment which was accorded the Washington people is found in the fact that they consumed fifteen gallons of ice cream. The guests expressed their admiration of the beautiful country hereabouts.

G. E. Hollenbeck, who lives just northwest of Newberg has adopted a good policy and one which every berry grower should follow. He has had labels printed with his name and address on them and pastes them on each box of berries. Thus he is letting the buyers know where they can get good berries. And they are good berries for he presented this office with several boxes of them and they were about the finest that we have seen this year. Now we did not mean when we started out to recommend that every berry grower should bring the Graphic office a number of boxes of berries, but of course we'll not object.

They are also planning the immediate erection of a \$75,000 gymnasium to replace the one which was destroyed by fire this past spring. Three Newberg boys are attending Willamette this year, they being Warren and Max Jones and Howard Nottage. Many other Newberg young people have taken courses at Willamette, which is generally rated as a high grade university.

The Electric Range Is The Ideal Cooking Way

Many customers use it 365 days in the year because it is economical at 4c per kilowatt hour and reduces the labor element greatly. The Electric Range is incomparable for summer cooking. The kitchen is cool and the cooking is simple. We have new ranges at cost and two slightly used ranges we will sell at a bargain. A special rate of 4c per kilowatt hour for cooking purposes. Cheaper than wood and clean all the time.
