INVITATION TO SPEND JULY 2, 3, and 4 AT PACIFIC CITY

You are cordially invited to spend the 2nd, 3rd and 4th of July at Pacific City beach, your nearest beach, by auto, a pleasurable trip to the sea, over fine scenic roads, that can be made in a few hours. Every effort will be made to furnish you with wholesome entertainment. A brass band will furnish music, the five hundred feet in width. On its one side an unparelleled beach, on the other a beautiful navigable river, up stream teeming with every varie-

celebrated Ruth Stoker, the first American girl to establish a world's record as a swimmer and later winning three world's records, also athletic director for the Women of the United States Navy at Mare Island will give exhibitions in swimming in the waters of the big Nestucca river and the billowy deep.

At the noon hour one day during the celebration there will be a big clam bake.

All of the above with many other features will be absolutely free of charge.

Within a spacious open air pavil-

ion the great Hawaiian accomplished musician and actor, Charles Dimond, assisted by two ladies and three gentlemen, all natives of sunny Hawaii, will furnish high class entertainment in music, song and dancing. Mr. Dimond has been on the Orpheum Circuit and has entertained in many of the great cities of America. An acrobatic feature will be furnished by the great DeKohl in his gigantic seasaw and stair of death performance. Eighteen minutes will be consumed by DeKohl, his wife and daughter in this marvelous feat of balancing in midair and coming down a flight of stairs on a rolling globe. Also wonderful feat of equilibrium juggling, rope skipping, two high and triple on the rolling globe. The DeKohls have given performances in such cities as Topeka, Kansas, Oklahoma City, Luna Park, Cleveland, etc.

Lectures, band concerts, instrumental and vocal solos will be on the program. In most of the features a daily change of program will be made. There will be a dance every afternoon and evening in the dance pavillion, music by Brenner's 6 piece orchestra.

Nature has displayed great generosity in assembling her attractions at Pacific City, drawing together at this point as she has the mighty Pacific and the big Nestucca river. Actual contact only being prevented by a narrow sand dune less than 100 feet wide, down stream with clams, crabs, flounders, and other salt water products. A more ideal spot for an outing is not afforded in the Northwest.

Come and join in the hilarity of this occasion. If you prefer rest and quietude, a walk of three minutes will take you to the ocean beach or many of the quiet retreats afforded in the six hundred acres of land comprising Pacific City and its camp grounds. Or if you prefer a boat ride after clams, crabs, flounders etc., or perhaps more to your liking a trip up stream with troll, when, if fortune favors you, you will bring back a salmon or a mess of trout.

Pacific City is equipped with a good store, hotel, restaurant and apartments, tents, a superb camp grounds and an abundance of dry wood, and pure mountain water. However like all other resorts its capacity for taking care of the public is limited and we would advise as far as possible, those who can to bring tents, blankets and full cooking utensils and equipment.

3822 4th of July Committee.

EXCHANGES

Seth Dodge and wife of Corvallis were here the latter part of last week visiting his sister, Mrs. Archie Abdill and family.—Dayton Tribune.

Dayton is planning the organization of a new fire department. A meeting was called for that purpose on Monday evening of this week.

St. Johns, the down river suburb of Portland, has organized a St.

Johns Boosters club and will hold a Fourth of July celebration this year.

Hillsboro has a reputation for its Fourth of July celebrations and she is going to live up to that reputation judging by the plans outlined for this year's celebration.

In line with the present trend towards retrenchment and lower prices, Washington county has passed an order reducing the salaries of many of its county officers and employees. Yamhill county might well observe this action on the part of her sister county.

The hay crop in this vicinity promises to be the largest for many years. The harvesting is now on and without damage by rains the barns will be filled and the overflow placed in stacks. The grain crop sale promises well, but spring sowed oats are somewhat short in height.—Sheridan Sun.

Frank Brown reached home Monday from his trip east in search of a herd sire for the registered Milking Shorthorn herd at the Footbills Farm. He looked over the offerings of noted breeders in Vermont, New York state and Pennsylvania, but found nothing any better, he said, than he is able to secure in the west.—Carlton Sentinel.

The Wood & Butler truck capsized Monday on the grade near Lafayette while making the trip from Portland to Sheridan. The loose rock at the fill made on unstable base and the truck slid over the embankment. No serious damage was caused except dazing the driver and breaking the top and some of the goods in transit.—Sheridan Sun.

The Dayton baseball team defeated the McMinnville team by a score of 7 to 5. Eight teams of the county have federated in a county league, including Sheridan, Dayton, Lafayette, Yamhill, Perrydale, McMinnville, Carlton and Gaston. The teams stand in the order named as regards the number of games won. Each team has played five games, Sheridan having won all five.

Under the caption, "Who Killed Cock Robin," the Yamhill Record very clearly sets forth the real reasons for the defeat of the William Sheridan Highway bonds. The length of this article precludes our publication, but the Record lays the blame just where it belongs at the feet of McMinnville and Sheridan, who, by defeating similar bond issues in other parts of the county in previous elections and putting through bond issues of interest to themselves alone so angered the voters of these other parts of the county that they in turn are now ready to turn McMinnville and Sheridan down. It's really too bad that better harmony does not prevail but it seems that what is sauce for the goose is also sauce for the gander.
