**INTERPRETER OF PLAYS
COMING TO CHAUTAUQUA**

Winifred Windus Excels in Character Presentation.

Winifred Windus, noted reader and interpreter of plays, presents on the third afternoon of Chautauqua one of the most delightful features of the week in her monologue interpretation of "The Florist's Shop" and selections

from "The World and His Wife." Presenting a play and doing it so realistically that the platform seems peopled with characters is an art of the highest order. There are few people on the Chautauqua platform today who can accomplish this difficult thing with the success attained by Miss Windus.

ONLY BEST PUREBREDS SOLD

Some Breeders Insist That Every Animal They Buy or Sell Must Pass Standard.

So strongly has the purpose of the better-sires campaign, now being conducted by the United States Department of Agriculture, appealed to some breeders that they are not content with purebreds only, but every animal they buy or sell in addition to being a purebred must pass a standard of excellence. The methods of one breeder in Upshur county, West Virginia, according to a report received by the department, illustrate this tendency. This breeder has a fine herd of Angus cattle. All calves which fall below the standard of excellence that he has set are not registered, but are either castrated or sold on the open market as common cattle.

GIVE EWES NUTRITIOUS FEED

Animals Entitled to Liberal Treatment While Carrying Young and Growing Wool.

After the ewes are bred they are growing their young, growing a crop of wool, maintaining their own body and should be fed accordingly. Give the ewes enough good, nutritious feed to keep them in a good healthy, thrifty condition. Where pasture is abundant, they will need no other feed, as green feed is the natural and best feed for sheep.

BROOD SOWS NEED EXERCISE

Good Plan to Compel Animal to Come Out of Sleeping Quarters for Her Daily Feed.

Brood sows need exercise to avoid becoming too fat at farrowing time. Exercise can be forced on the sow by forcing her to come out for feed instead of feeding close to the sleeping quarters.

SHILOH RELIEF CORPS NO. 28
Meetings held 2nd and 4th Thursday of each month at 2:30 p. m., in Duncan's Hall, 311 First street.

EMMA L. SNOW, Sec'y.

"No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch"

**Who says that
"bargain" tires are
what the people want**

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net price*—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep *moving*.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good* tire, wherever you find it anywhere in the country.

Because the U. S. policy is a *good* policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

**The manufacturer of
Your car
recommends—**

The crankcase should be thoroughly drained and flushed at regular intervals. Refill with fresh oil.
—from the Book of Instructions.

This recommendation is made to prevent rapid depreciation of the engine caused by road dust, carbon, fine metal particles and other impurities, which accumulate in the crankcase oil and circulate through your engine, impairing its efficiency and ultimately leading to avoidable repairs. However, these important instructions are often disregarded; cleaning the crankcase is a job generally disliked.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers, co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil—the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the proper grade of Zerolene.

Look for the garage or dealer displaying the sign shown here,—it means, "Better operation and longer engine life," a service promptly given at a nominal cost.

Ford
THE UNIVERSAL CAR

Every Ford Product a Helper

NOW'S the time to buy that Ford Car or Ford Truck or Fordson Tractor. Never were higher quality materials woven into these great utilities; never have prices been more reasonable nor that dependable and excellent "After-Service" so complete.

Machine work is always more precise than hand work. The special tools and machines in our garage are the same as those being used and recommended because of their precision and time-saving qualities, by the Ford Motor Company. Our modern and up-to-the-minute equipment makes it possible for us to do any work on your car, truck or Fordson tractor from a minor adjustment to a complete overhaul. The promptness with which we do the work is a by-product of these specially designed machines; and we charge only the reasonable Ford prices for your work.

If your Ford car isn't running at top-notch efficiency, bring it here to Ford headquarters—that's to us. One of our Ford mechanics will adjust or repair it for you with as little delay as possible. Keep your car in good condition. It's the most economical way.
