M. C. Booth and family from Portland spent the week end at the home of Mrs. Booth's parents, Mr. and Mrs. P. H. Hammond.

Last Monday being the Fourth of July, found the farmers about here very busy harvesting their berry and cherry crops and they intend to celebrate next Saturday at Newberg.

Relatives of Mr. Russell Jones from Montana after procuring berries of various kinds, made arrangements with the local cannery and had them canned and will take them home with them.

Those that visited and passed the Fourth at the Duncan Brothers farm were S. S. Duncan and wife from McMinnville, Messrs. Evans and McCoy from Newberg, and Miss Theo Duncan from Portland.

Last Monday evening a large number of young men and ladies were entertained at the Frank Carlisle home. A very delightful time was reported and the time was passed toasting marshmallows, spinning yarns, shooting off fireworks, etc.

The bulk of the black cap crop is coming in now at the cannery as the bulk of the cherry crop is now rapidly passing away. By all appearances the congestion which as a rule has been an annual occurrence, will be avoided.

The forth-coming Berrian festival in Newberg next Saturday has caused spirits to run high about here, and there are some rumors current that Springbrook will be represented in the parade by a float. The present outlook is that this community will resemble a deserted community on that eventful day.

Owing to the fact that the Berrian festival will take place in Newberg next Saturday, it was decided by the local cannery employees to use that day for a dual celebration, and as a consequence the local cannery operated on the Fourth. C. E. Newhouse the cannery manager, to express appreciation for this move, treated all the employees to ice cream.

Things looked very disappointing and a fire-crackerless Fourth of July loomed until finally P. H. Hammond, our storekeeper decided with the large group of youngsters it wouldn't be no fourth at all without any fire crackers, etc. so he made a quick trip to Portland last Saturday afternoon. Shortly after his return the youngsters left for their various homes' happy as larks' and contented to know that after all they would have a real Fourth of July.

A few of the friends of the Paul J. Meyers family helped them celebrate on the evening of the Fourth. A goodly supper of ice cream was on hand and everyone present spent a pleasant evening.

Mr. and Mrs. George Bidgood of Montavilla were visitors at the L. H. Gable home last Friday. Mr. Bidgood lived in the Sunnycrest neighborhood for several years. They owned the farm where C. W. Bradshaw now lives.

Several of the Sunnycrest folks celebrated the Fourth of July at Hillsboro. Those going included the following: Mr. and Mrs. Harley Hall, Mr. and Mrs. Linas Christensen, Delmer Hall, Mrs. Homer Fisher, and daughter, Retha, Mr. and Mrs. Hugh McCredie and Miss Katherine McCredie.

From a point of view of grandeur and greatness of numbers the Sunnycrest picnic might not have been called a success. But that good fellowship feeling so necessary to put quality into a celebration or gathering of this kind was there to overflowing. The celebration was held in the woods on the C. A. Crater farm, west of town, and about a hundred folks, large and small, were there. The list of good things to eat would only make us hungry again, so suffice it to say there was a plenty and to spare of all the things the farm can produce and put up in the way farm housewives know how. There were races and games for the youngsters and older folks too. A tug-of-war that made ring-side fans of the entire audience and fat men's races that made the breath come in gasps. In fact ev-

everything that goes to make a lively time and the fun where everyone enters with that spirit. The serious and patriotic side was not lost sight of in the least. The Declaration of Independence was read. A speech was made by Mr. Joe Petersen on "America" and our duties as American citizens that made us all feel proud to be citizens of this grand U. S. A. Songs were sung in keeping with the sentiment of the day. Mr. Roy Hanville more firmly established himself in the esteem of the neighbors with his witty songs. The hit of the day was the ball game between the young men and older men. That is, it was a hit from the spectators point of view—a comedy hit. There also were several hits on the young men's side but sad to relate the older fellows seemed unable to find the elusive pill and the score board sure showed the lack. But to spare the feelings that might be hurt, the final score will be kept secret. Enough to say every one voted Sunnycrest's celebration an entire success.

OREGON JERSEYS WIN HIGH HONORS IN BUTTERFAT AWARDS

In a recently compiled report of the medal awards for 1920 issued by the American Jersey Cattle Club, seventy one Jersey cows completed records for the year with a production of over 700 pounds of butterfat within the year on authenticated test. Of the ten highest records made in the year, five were made by Oregon cows with an average production of \$96.38 lbs. of fat.

Heading the list of breeders of medal winners is J. M. Dickson & Son of Shedd with seven to their credit, followed by G. G. Hewett of Independence with four, Ed Cary of Carlton with three and O. Pickard and E. J. Farnham of Marion, with two. In the list of sires represented by medal winning daughters, Valentine's Ashburn Baronet, the Dickson herd sire, ranks first, credited with five, Rinda Lad of S. B. the Hewitt bull, second with four. Poppy St. Mawes, with two medal winners, is tied for third place with an eastern bull and St. Mawes of Ashburn, also a Dickson sire, is one of four in fourth place with two gold medal daughters. Golden Glow's Chief ranks fifth with one gold and one silver medal to his credit. Thus an Oregon bull appears in the first five places in the list of producing sires for 1920.

Ten cows by reason of superior performance, won more than one medal each and of these, seven were Oregon Jerseys. Nineteen states are represented in the awards made. Oregon cows with only 1914 registered, representing only 4 1-3 % of the Jerseys recorded within the year, won 18 gold, 3 silver and 1 bronze or 31% of all the awards made. Ohio ranked second with 8 gold and 1 bronze; Maine, third with 7 gold and 2 bronze; Massachusetts, 4th with all the awards made. Ohio ranked second with 8 gold and 1 bronze; Maine, third with 7 gold and 2 bronze; Massachusetts, fourth with 5 gold and 1 silver and Washington fifth with five gold medals.

This remarkable record of performance places Oregon in the first rank as premier Jersey state of the union and should act as a stimulus to still greater effort to maintain that enviable position.

A TRIP TO LARCH MOUNTAIN

One of the most delightful week ends we ever spent was last week end, which we spent at Larch Mountain.

Leaving here Saturday evening we reached Multnomah Falls about midnight. We started our climb at five thirty next morning and after four hours climb with short stops for rest

we reached the top. The scenery was wonderful.

The top of the mountain is four thousand forty-five feet above sea level, and we will all say it was rather chilly.

The Fourth we spent climbing around on the rocks, and upon reaching the bottom of a rock bed, a few of our number enjoyed a snow fight. After dinner we started down and made the descent of five miles in two hours. We were very tired but I am sure we want to go again.

Those who made up the merry crowd were: Misses Florence and Frances Nye, Cornelia Titus, Ardath Campbell, Olive Reid, Vietta King, Mrs. Arthur Titus and Mrs. Claude Pearson; Messrs. Ernest Reid, William Comer, Iver Jones, Hans Petersen, Joel Titus, Claude Pearson, and Arthur Titus.

Mr. and Mrs. Pearson and Titus acted as chaperons.

One of the "Merry Crowd."

New Potatoes and Chicken

Scrape new potatoes and wash them through two waters, put into a baking pan with enough water to barely cover. Add salt and pepper and a generous amount of butter. Let the potatoes come to a boil, then lay the pieces of a well-dressed frying chicken over the top of the potatoes. The chicken should first be salted and rolled in flour. Put a small lump of butter on each piece of chicken and bake in a hot oven for about 40 minutes. Then pour over the whole a cup of rich, sweet cream, let it boil up, and serve piping hot.
