What Electricity Can Do

It would be a task to enumerate all the things Electricity can do in your home, your store, your factory.

With Electricity the family ironing can be done for 50c per month.

With Electricity the family washing can be done for 25c per month.

You can run your sewing machine 2 hours for 1 cent.

You can run your vacuum cleaner 1 hour for six tenths of one cent.

You can pump water from an average well for an average family for 50 cents per month.

You can cook a meal for an average family with an Electric range for 4 1/2 cents or \$4.00 per month.

You can grind a ton of feed for 40c a month.

You can make a pot of coffee for less than one cent.

You can make the breakfast toast for less than one cent.

Electricity is indispensable in the home. No store or factory can afford to be without it. It is a cheap and reliable service.
