

Experience Teaches That—

Stoves and Ranges

are only as reliable as their makers—that unworthy manufacturers put most of the value in "looks", while honest concerns put best value inside as well as outside.

The stoves, ranges and cooking utensils we handle are the products of the most reliable makers and are, therefore, the safest kind for you to buy. A large assortment awaits your inspection.

McMINNVILLE NUTS FORMED

The social order of McMinnville Nuts was organized at McMinnville on last Thursday by a number of live wires composed of the membership of the commercial club and the Rotarians. The appellation under which the organization was affected is not one that suggests ridicule. The order of Nuts will bear the same purpose as the Rosarians of Portland, the Cherrians of Salem, the Prunarians of Vancouver, Washington, and the Berrians of Newberg, so that McMinnville, the walnut city, through its social activities may reap its need of advertising. The drafting of a working theme was left to a committee consisting of J. C. Cooper, C. W. Talmadge and Thomas H. Rogers.

Consideration

During Dorothy's first trip to the dentist's, the big tears rolled down her cheeks, but she stoutly shook her head whenever he asked if he were hurting her. After leaving the office her mother asked if it hadn't really hurt. "Oh, yes," answered Dorothy, "but I didn't want to hurt the doctor's feelings."
