Removing Grease Spots

To remove grease spots from car-
pets mix fuller's earth and magnesia
together in equal proportions by
scrapping and pounding. Form this
into a paste with hot water and
spread on the spots. The next day
brush it off and, if necessary, repeat
the process. It is satisfactory.

Doomed

"Were you surprised when your
wife threw the ouija board out of
the house?"
"No," replied Mr. Meekton. "I
knew what was going to happen as
soon as I saw the way it always
managed to have the last word."
