TO PROTECT SACRED SNUFF

Reason Given for the High Bench Behind Which Supreme Court Judges Have Their Seats.

The Federal Supreme court is celebrating its centenary of "the high bench." Originally the justices sat behind a long bench on the floor of the court—on a level with the lawyers who tried their cases before them. This straight desk had set into it a snuff box opposite each justice's seat. Henry Clay was arguing a case before the court. During a pause in his argument one of the justices reached forward, took a pinch of snuff and settled back to weigh the more carefully the reasoning presented. In his next pause Mr. Clay leached over and with a "Thank you" took a pinch himself. The court was indignant. That after-

noon they met to decide what could be done to preclude the possibility of a second breach of the "etiquette of the court" and decided to have a bench made of such height that no mere practitioner could reach their pet snuff. Since then they have sat behind the high bench that is in use today.—New York Tribune.

DID YOU KNOW THAT—

There were said to be 7,904,271 autos in use in the United States last year.

That in 1914 there were only 1,253,034 in use?

That Nevada was last with 9,383?

That Ohio led last year with 507,000?

CITY OF NEWBERG TAX BUDGET

Estimate of Expense

1—Interest on Sewer Bonds	\$4000.00

RED CROSS GIVES ANNUAL BUDGET

\$19,361,657 Allotted for Current Program of Relief and Service.

MILLIONS FOR VETERAN AID

Medical Aid for European Children Will Cost \$6,000,000 This Year.

Washington.—Expenditures totalling \$19,361,657 for carrying through its program of relief and services in the United States and overseas are outlined in the budget of the American Red Cross for the current fiscal year. This total is more than \$5,000,000 lower than the expenditure during the last fiscal year, when the disbursements reached \$24,492,741, it is announced at National Headquarters in a statement calling attention to the necessity of continued support of the organization by response to the Annual Roll Call, November 11 to 24, if the vital work of the society is to be effectively carried on.

Outstanding among the items of the domestic budget is the appropriation of \$3,669,256 for work in behalf of the disabled ex-service man and his family. This appropriation represents the amount allotted to this work from National Headquarters only and does not take into consideration the millions being spent in chapters for relief of the World War veteran. It is in the chapter that the greater amount is spent in meeting this obligation of the Red Cross, the announcement continues, as manifested by figures of the fiscal year 1920-1921 when the total was approximately \$9,000,000, of which \$2,892,094 represented the disbursement of National Headquarters while the remainder was the chapters' contribution to this field of Red Cross service.

Vast Work for Disabled

Chief among the sub-divisions of the appropriation for work with veterans is that which concerns itself with assistance to disabled men and women in government hospitals. This item of \$1,790,000, an increase of more than \$500,000 over the appropriation for the same work in last year's budget, will provide those personal services for the disabled and their families which are indispensable to supplement those provided by the government. The director of the Veterans' Bureau has recently expressed his desire that the Red Cross should continue and extend these "humanizing services."

Other items of the appropriation for veterans' relief are proportionately increased. An additional appropriation of \$469,600 has been made for Red Cross work in connection with regular Army and Navy hospitals and with the regular Army and Navy.

For disaster relief, the Red Cross has set aside for the current twelve months an appropriation of \$543,976, virtually doubling the appropriation for the same purpose for the fiscal year 1920-1921.

More than \$2,000,000 is provided for service and assistance to the 3,600 Red Cross chapters by the national organization.

Helping Destitute Children

Other items of the domestic budget include \$498,546 for miscellaneous activities, including contributions restricted for special purposes and \$768,000 for management. Each of these items represents large reductions over similar appropriations of the previous year.

From a fund of \$10,000,000, \$5,000,000 of which was contributed through the European Relief Council campaign and \$5,000,000 allotted by the Red Cross for child welfare work in Europe, there remains \$8,765,108 still available, of which it is estimated that \$6,000,000 will be required for this work during the current year. For Red Cross participation in the joint effort to relieve famine conditions in Russia, for final work in the China famine, for Junior Red Cross and other overseas activities including the closing of the old general relief program in Europe \$4,978,000 is made available.

In announcing the national budget, the Red Cross makes it clear that the figures do not include chapter expenditures or place any cash estimate on the invaluable service of volunteers in chapters.

CARRYING ON SERVICE FOR DISABLED VETERANS OF THE WORLD WAR THAT IS COSTING \$10,000,000 A YEAR, THE AMERICAN RED CROSS IS HELPING FULFILL THIS NATION'S OBLIGATION TO ITS DEFENDERS. HELP THE RED CROSS CONTINUE THIS WORK BY ANSWERING THE ANNUAL ROLL CALL NOVEMBER 11-24, 1921.

Red Cross Trains 147 Blind Vets In Useful Work

Training designed to fit them for the battle of life was taken by 147 blind ex-service men at the Red Cross Institute for the Blind, near Baltimore, Md. during the fiscal year 1920-1921, according to the report of the Institute for that period.

Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sight are receiving advanced education. The blind ex-service men who have entered such institutions are provided with special text-books in Braille, reading which they were taught at the Red Cross Institute.

Twelve men have passed from the Institute to successfully carry on some occupation or business for which they were fitted by special training. A few have withdrawn from the Institute because of poor physical condition, 14 are receiving further "training on the job" and 87 are still in training.

Red Cross Plans \$6,000,000 Effort To Save Children

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy.

Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of \$6,000,000 has been made available for this work.

Additional Improvements now announced for the

490 Touring

Besides the numerous changes and added features of efficiency recently announced in the Chevrolet "490," which include: Entire reconstruction of rear axle; hand lever emergency brake; Timken bearings; Willard battery; straight taper steering arms; Zenith carburetor; improved clutch, and no-glare prism glass headlights, we now take pleasure in announcing added improvements as follows:

1—Front and Back Cushions Lowered

and backs of seats raised, making more comfortable seating position.

2—One Man Top

fitted with trim-looking gypsy curtains add much to the exterior appearance.

3—Shortened Steering Column

makes possible new driving comfort and places the wheel in better position.

4—Increased Capacity Gasoline Tank

rectangular in shape, fits snugly under the front seat. Now holds twelve gallons.
