—o—

Miss Margaret Reid, who was in charge of American orphanages for two years, will speak at the Friends church, this, Thursday, evening at 8 o'clock, in the interests of the near-east relief work. Miss Reid also spoke at the high school and Pacific College during the day.

—o—

Good news comes from the sawmill. They are now running the mill proper to its full capacity and are running two regular shifts at the silo plant. Conditions are improving gradually and while they are not up to what it is hoped they will get eventually, yet it is encouraging to note that it is possible to keep the wheels running.

—o—

Rev. and Mrs. W. N. Coffee, Mrs. Carrie Silva and Mrs. Grace Edwards went to Salem on Thursday of this week to attend a missionary convention at that place. Mrs. Coffee is the Oregon conference president of the missionary societies and will have charge of the four days' convention. There will be three missionaries from India in attendance at the convention, who will make addresses.

—o—

Jones & Scott of this place closed a very big trade real estate deal on Thursday of this week. In this deal John, George and Lewis Oldenburg of this place were trading a 320-acre timber tract in Josephine county, valued at $17,000 for a two-story brick business block in Boise, Idaho, which was owned by Mrs. C. A. Stiff of Seaside, Oregon, and which was valued at $18,000. Jones & Scott represented both parties in this deal.

—o—

There was an accident last Sunday afternoon on west First street, when a party consisting of a man and his daughter and a grandson in an auto collided with a telephone pole. In driving down the car track the wheel became caught against the rail and in trying to free it the man threw the car over against the pole. The daughter and grandson each sustained injuries and were taken to a nearby home for care. It is thought that their injuries were not serious.

—o—

Sewell O. Newhouse spent Saturday and Sunday with his parents, Mr. and Mrs. C. E. Newhouse of Springbrook. Mr. Newhouse has been working at the making of topographical maps for the Long Bell lumber company near Kelso, Washington, during the past summer, but is now on his way to a new position as inspector of dam construction on the Silver Lake project in southeastern Oregon. He expects this to be his last visit to Newberg for several months.

—o—

The employes of the local cannery met at the cannery on last Thursday night and gave a party for Mrs. John Nash. The event was in the nature of a donation party and Mrs. Nash was the recipient of a large quantity of supplies of various kinds. The affair was given as an appreciation of her kindly services in furnishing hot lunches for the cannery employes. A cash collection was also raised on the same day for Mrs. Fitchen, by the good people of the cannery force.

—o—

The city council met Monday evening and allowed the regular first of the month bills. Several additional franchises were granted to trucks and the rental charge on the commercial club rooms was raised from $25 per month to $40 per month. The Pacific States telephone company was granted a franchise and charged $250 for the same. Upon the representation of Mr. Walton who lives on the highway north of town, the council decided to have a water tap placed in front of his place for the convenience of teams and tourists. Mr. Walton has agreed to fix up an attractive resting place there. The council will meet again next Monday evening when the matter of paving assessments will be taken up.

—o—

The high school students are starting a new thing this week in the editing of a high school paper to be incorporated in the Graphic. The student body will select a name for this paper and it will be edited by Robert Brown, with Clausen Brooks as assistant. The students will have complete charge of this page, writing the articles and arranging the headings, etc. In this way they will get practice in writing and also in newspaper work. The editors will be assisted by a corps of reporters each week. This will take the place of a high school paper which would have necessitated the soliciting of advertising from the merchants and an added expense upon the students for subscription and will serve them the same, and at the same time give them the added advantage of the Graphic's large circulation.

The Newberg high school boys are going to Rainier for a game of football with the high school of that place on this Friday afternoon. The local high school boys will play McMinnville high school at McMinnville on Thanksgiving day, and an effort will be made to take a large crowd of rooters from here to that game. Newberg high held Forest Grove to a tie in thefr game here a short time ago, while Forest Grove defeated McMinnville, so that if comparisons count for anything it ought to at least be a very exciting and hard fought game.

—o—

The Oregon Historical society has issued the rules and regulations governing their annual Beekman history prize contest. Four prizes amounting to $60, $50, $40, and $30 each are offered and the subject offered is "The Discovery of the Columbia River." The prizes will be awarded to the best four essays on this subject, competition being limited to boys or girls over 15 years and under 18 years and in attendance at any public or private school, academy, seminary, college, university, or other educational institution within this state. The essay must not exceed 2,000 words in length.

—o—

Dr. Van Valin has had a new Ritter X-ray machine installed in his dental offices. This machine is the very latest type of dental X-ray and has an unusually large range of movement in various directions, making it particularly adaptable for his uses. One of the features is an arrangement whereby a record can be kept of the various locations under which a picture was taken, thus enabling a retaking of the same picture from exactly the same angle at a future time for the purpose of comparison to establish whatever progress has been made. The machine was purchased from a dental supply house in Portland and is a very valuable addition to Dr. Van Valin's office equipment.

—o—

A very delightful surprise birthday dinner was given at the home of Mr. and Mrs. Austin Keeny last Sunday. When the Keenys arrived home from church they found the guests all assembled and dinner spread and needless to say they were completely surprised. The affair was in honor of Mrs. Keeny's birthday All sorts of good things were in evidence, with the splendid birthday cake, bearing its candles in true birthday style. The house was beautifully decorated for the occasion in Hallowe'en colors. Those present were: Messrs. and Mesdames John Venerable, Frank Gustin of Rex, Charles Cieths, V. A. Vincent, and Rev. and Mrs. Fred Carter and two chidren, Delight and Mills, and also Ona and Esther Gustin, Lester Wright, and Mrs. Ruth Heston.

Boston Baked Beans

Pick over one quart pea beans, cover with cold water and soak over night. In the morning drain, cover with fresh water, heat slowly, keeping water below boiling point and cook until skins will burst—which is best determined by taking a few beans on the tip of a spoon and blowing on them, when skins will burst if sufficiently cooked. Beans thus tested must, of course, be thrown away.

Drain beans, throwing bean water out of doors, not in the sink. Scald rind of three-fourths of a pound of salt pork, scrape, remove one-fourth inch slice and put in bottom of bean pot. Cut through rind of remaining pork every half inch, making cuts one inch deep. Put beans in pot and bury pork in beans, leaving rind exposed.

Mix one tablespoon salt, one tablespoon molasses and three tablespoons sugar; add one cup boiling water and pour over beans; then add enough more boiling water to cover the beans. Cover bean pot, put in oven and bake slowly six or eight hours, uncovering the last hour of cooking, that rind may become brown and crisp. Add water as needed.

Electric Heater

An electric heater is the very best thing to take the biting chill off the bathroom in the early morning, or the bedroom while you are dressing. These heaters are not designed for general heating but are serviceable for short time use and give excellent satisfaction. Heaters are made in sizes of 500 and 1000 Watts.

We have everything electric at our store and stand behind the goods we sell. Reliability and satisfaction are the hall marks of our dealings.
