ment of county libraries in each county of the state, making it more convenient for schools and those interested in standard books to get them than is now possible through the distribution from the state capitol, or from the libraries in the larger cities of the country. It seemed to be the general opinion of those present that the establishment of such libraries at the present time was not desirable.

On Wednesday about thirty friends of the Dillinger family happened in from Sunnycrest bringing with them a chicken dinner and all that that implies, also a number of beautiful gifts for Miss Jessie Dillinger, whom they expect soon to welcome to Sunny crest as a bride. The surprise was a complete success and a very enjoyable afternoon spent with needle work for the ladies, while the real Dorcas part of the program was turned over to the gentlemen. During the afternoon the ladies present formed the Sunnycrest ladies' club, whose growth and activities will be watched with interest by the older Dundee woman's club.

When so much is said these days about the loss of personal property by theft, it is a pleasure to record the opposite experience, especially under conditions which would prove exceptionally favorable for such action. Recently one of the first purchasers at the one-cent sale, held by a merchant of Newberg, left an umbrella in the front part of the store. Some kind person stood it up near the telephone and there it remained all that rainy day, the owner getting it again the next morning. That same day another umbrella was left for several hours in the same store, until the owner discovered her loss and went after it. Who says an umbrella is public property? Not in Newberg.

A very interesting meeting of the Dundee woman's club was held on Thursday. Miss Du Paul, county nurse, was present and told of her duties in connection with her office. As there has been a more or less vague understanding of the work of the county nurse, Miss Du Paul's talk was very interesting to the ladies of Dundee. The only criticism being that it was too short, one lady remarking "I could have listened to her all the afternoon." Miss Du Paul also told some of her experiences of her three years in France. She will always find a hearty welcome in Dundee, and it is hoped that the cooperation in her work will be equally hearty. After the address a social hour was enjoyed. Mrs. Richard Morecroft being hostess of the day assisted by Mrs. Bland Herring, Mrs. Bernhard Groth and Mrs. Paul Groth.

BACK TO THE SOIL

Yes, bo, I'm going back to the farm,
For me the land possesses a charm;
I have wandered far o'er land and sea,
But it's back to the soil now, bo, for me.

About twenty acres of good brown loam,
And a nice little spot for home sweet home;
And maybe a wife to cook the chow,
For I'm lonesome living alone, I vow.

A family cow and a horse or two,
And some second-hand tools I guess will do;
Some pedigreed hens of the kind they say
That always furnish two eggs a day.

Each morning at four I will unhay,
Work till ten p. m. and call it a day;
Will I be happy? You bet your life
That I'll be happy and so will the wife.

That is, provided I should find
An Oregon maid, to wed inclined;
And should I find her, you bet your life,
I'll try to persuade her to be my wife.

And I'll feel like a million dollars a day,
With a wife and twenty of good loam clay;
Right there I'll settle and never roam
From the joys in life of home sweet home.
