DUNDEE

Mrs. Clarke Noble visited friends and relatives in Portland last week. Adolph Sieber of Clipper, Washington, recently spent a few days as guest of Mr. and Mrs. Albert Fankhauser. Mr. Seiber, who is now on his way to California with the intention of purchasing a dairy there, is an intimate friend of the family, having acquaintanceship which extends through a number of years, and needless to say his unheralded visit was the source of much pleasure.

"My it seems good to get back to Dundee with her clean stores, clean post office, clean railway station, etc." This was one of the remarks of some travelers, who had spent considerable time in Dundee and vicinity and recently returned from a further sightseeing trip through various places in Oregon. If tourists are so appreciative of our little town and her virtues, how much more appreciative should we be?

Ellis Baker of Newberg has been appointed to fill the vacancy on the Dundee rural mail route, caused by the resignation of Clarence Hess, who has been an efficient, accommodating and courteous postman for several years. Mr. Hess, however, has decided to change from the routine of the government position to a work which will give him more time to call his own. He may rest assured that the good will of his R. F. D. patrons will follow him to his new fields of endeavor, wherever they may be.

After getting ride of this crowd, the newly weds thought the worst was past.
