THE KERCHER COOKER

Something new in Electric Cooking device you will thoroughly appreciate and enjoy, as it saves lots of work—clean—and does your cooking while you are away from home. Can be used in an ordinary lamp socket, requires no special wiring. After you have placed in the cooker the food you wish to prepare for your meal, turn on the switch, leave it alone, stay away three hours if you like and on your return your different articles of food will be deliciously cooked ready for your table. The apartments in the large cities are being fitted up with the Kercher Cookers and have given excellent and satisfying service. We shall be pleased to put one in your home for a week's trial. If you are not satisfied with it after having given this electric cooking device a complete trial we shall be glad to take it back, and not a word will be said. We have demonstrated to our own satisfaction the dependability and reliability of this cooking device and will stand behind its performance. A cook book goes with each Kercher affording a variety of recipes, and indicating how to cook them and how long to cook them, to turn out appetizing dishes. Our offer of a week's trial should convince you of our sincerity and faith in this wonderful electric stove. Call us up, Blue 34, and we shall gladly deliver one to your home for your use.
