## DRIVE FOR MEMORIAL PROGRESSING NICELY

### WORTHY CAUSE STRONG APPEAL

Solicitors Urged to Turn in Complete Lists of Subscriptions by Saturday Noon at Latest

The drive for the funds required to erect the new American Legion Community Memorial building has progressed more slowly during the past week, but has been going steadily forward. Mr. Parrett states that he is unable to give out the totals at this time as the figures are not available, and any estimate which he might give out would be purely a guess on his part. He urges all solicitors to turn in all actual subscriptions not later than next Saturday noon so that he can check up and ascertain just where they are in the drive. Several large concerns have not made subscriptions yet and are considering the matter. These should help considerably in swelling the total when they come in.

The outside communities have in some cases done exceptionally well and there are many encouraging things in connection with the drive. Several persons have said that Newberg cannot fail and that they will do their utmost to see that the fund is raised. Some outsiders whose interest might be considered small have given subscriptions which are quite generous.

From this time on it will be largely a matter of picking up the loose ends around, but there are still some sections which have been practically unvisited so far. Dundee and Springbrook have done remarkably well in the matter of subscriptions and it remains for the other communities and the people of Newberg to complete their canvasses. One pleasing feature about the drive is the general spirit which seems to be favorable to the project. Very few persons have refused to give and doubtless these will be rounded up before the drive is completed. Certainly there is no one in the community so small as to refuse to help erect a memorial to the boys who died in their defense, especially in view of the fact that this memorial is to supply the greatest need of our community. If there is such a one he should either have some mighty good reasons for not donating or he should not feel badly if later he is classed as a slacker in the community.

We have not heard of any reasons offered by any persons why this memorial should not be erected. We do not believe there are any such reasons. In fact we have never heard of anyone in a community from so many angles as does this appeal for a memorial community building. Any local organization will find use for this building. Any farmers organization will find times when they will need to use it. Churches will use it. Lodges will use it. Clubs will use it. It will be used for community gatherings of every kind and so in one way and another every person in the surrounding country will be benefited by its construction.

And then a feeling of loyalty to our Legion boys should inspire its financing because of what they have done for us. Let us give them this place in which to hold their meetings and where they can go for recreation and rest. Few appeals can count their needs from so many angles as this and consequently this appeal should meet with the universal endorsement of the public. If you have not been solicited, don't wait for the committee but make your subscription to someone at once. There should be a goodly number of larger subscriptions turned in yet and the smaller subscriptions amounting to \$25 and \$10 each should run up into the hundreds. Let's everyone make a last final boost to see that the fund is raised and the building assured.

### TURN IN THEIR NAMES

Another call is made for those knowing the names of any who made the supreme sacrifice in the late world war whose home was in this vicinity to report to the committee at once. Any soldier whose parents lived in this community should be considered in this class and their names should be reported. The committee is very desirous of having the list complete so that no name may be omitted from the honor tablet to be placed in the memorial building. Don't fail to report any names even though you may think the committee already has them. Don't put it off but do it as soon as you read this, or you may forget to do it at all. Please consider this as an especial appeal to you and whether the party whose name you know was a relative or particular friend or not report any of whom you may have information to Mrs. Mary K. Evans.

### FARM BUREAU MEETING SATURDAY, APRIL FIRST

Next Saturday a meeting of the Farm Bureau club is to be held in the Oregon Growers building, the old sash and door factory, on north Main street. It is desired that every member attend this meeting if possible. So notify your neighbor, whether a member or not.

## PACIFIC COLLEGE WILL HOLD A STATE PEACE CONTEST MAY 12

It has been definitely decided that Pacific College will hold an invitation state peace contest late in the month of April or early in May, the exact date being not yet agreed upon. The plans for the carrying out of the details of this contest will be in the hands of the student body who conducted the "old line" state oratorical contest with such success early in March.

Some friends of the college, Misses Mary and Helen Seabury of New England have offered prizes of \$75 and \$50 for first and second place in this state peace contest. Definite invitations are being sent out to all the colleges in the state, and assurance has already been received from a number of these that they will participate in the contest.

Each participating college will be required to hold a local peace contest for the choice of its representative at this state contest. Thus from a score to half a hundred orations will be written in preparation for the final state struggle at Pacific College.

Later—Just as we are ready to go to press we are informed that the date for this contest has been set for Friday evening, May 12.

## OREGON GROWERS ELECT OFFICERS HERE LAST FRIDAY P. M.

At the annual election of the Newberg district of the Oregon Growers cooperative association, held at Newberg, Friday, March 24, Frank Carlisle was nominated as director to sit with the board of twenty-one directors of the association.

Mr. Carlisle has had considerable connection with the association and is very capable to handle the affairs of this district and represent the local growers at Salem.

A local advisory committee was elected as follows: A. S. Mellinger, C. W. Bradshaw, W. T. West. The work of this committee will be largely to shape the policies of the local district.

J. M. Clifford and C. I. Lewis addressed the meeting. Mr. Clifford talked on dried fruit sales, going into detail regarding the prune situation. Mr. Lewis, who had just returned from the east, spoke on the conditions in the east as they relate to the fruit industry of Oregon and the northwest. He stated that trade was reviving and that optimism was prevailing everywhere. He emphasized the necessity of advertising our Oregon brands of fruits in order to meet ever increasing competition of other states. Mr. Lewis said: "Our northwest canned fruit pack is at least ten years further developed than the southern and middle western states." He advised the use of the word "Oregon" in place of Italian when mentioning the prune. The sooner the trade forgets the word Italian, the better, according to Mr. Lewis. The reason for this is due to the poor packs that have been put up in previous years which caused the retailers in the east to bear heavy losses, and too, the lack of advertising and the increased advertising of the California prunes. Mr. Lewis said, "the future of our fruit industry is very bright if we keep in mind the fact that we must put out a better pack than ever before, that we must advertise, and first and last put quality in everything."

## PLAN LARGE BROCCOLI ACREAGE FOR NEXT YEAR

The farmers of this community who planted broccoli last summer did not let the practical failure of last year deter them from again undertaking to raise it this year and a number of them met Wednesday evening at the Oregon Growers' building and laid plans for next year. As a result of this meeting nearly thirty acres of broccoli were signed up and it is probable that seventy-five more will be planted here this coming year. Last year forty-one acres were signed up but owing to difficulty with plant maggots the crop was greatly curtailed. This year, however, growers are determined to give it a definite trial. A second meeting will be held at the Oregon Growers' building on Tuesday evening of next week and all persons interested are invited to attend.

## MONDAY MUSICAL CLUB

The program of the Monday musical club centered around the theme, "music in nature."

A reading from Bryant—"The Groves were God's First Temples"—was given by Mrs. Chapin.

The quartet by Rubenstein—"Voices of the Woods"—was sung by Mrs. Morris, Miss Moore, Mrs. Gibson and Mrs. Gould.

The duet by Smart—"When the Wind Blows in from the Sea"—was sung by Mrs. Dart and Mrs. Gould.

Mrs. Dart sang the solo by Dolores—"The Brook."

Miss Robertson and Miss Miller were accompanists.

Roll call brought forth many stories of birds and animals connected with music, or quotations from the poets that suited the subject under discussion.

The program closed with several piano selections by Miss Putnam.

## PARENT-TEACHERS' ENTERTAINMENT ENLISTS MANY AND WILL BE AN EXCELLENT AFFAIR

### SCHOOL CHILDREN COMPETE FOR TREAT AND SELL MANY TICKETS

Band, Songs, Recitations, Drills, Playlet, Fancy Dancing, and Many Other Attractions Offered by the Little Folks at Benefit Entertainment

That the parent-teachers' association has planned a truly splendid program for their entertainment which will be given at Wood-Marr hall Friday night of this week, may be seen from the program which we print herewith. School children will take a prominent part in the entertainment and they have been very active in selling tickets with the result that everyone in Newberg has had about a dozen opportunities to buy. A contest between the various rooms has stimulated interest in the ticket sale and up to Thursday morning, 371 tickets had been reported in with some still to be heard from. The room winning the contest by selling the greatest number of tickets will be given some sort of treat and the winners will be announced at the entertainment Friday night.

## DEATH OF BENJAMIN BIXBY OCCURRED HERE ON MONDAY

Ben Bixby, son of Mr. and Mrs. Joseph Bixby, passed away at the family home here in Newberg on Monday of this week following a paralytic stroke which occurred on the previous Monday following the death of his grandmother. Mr. Bixby had lived here with his parents for many years and was well known. He leaves a young son, seven years old.

Funeral services were conducted from the Hollingsworth undertaking parlors on Tuesday afternoon at 2 o'clock. Rev. H. E. Kreider, pastor of the local Free Methodist church officiating. Interment took place in the local cemetery.

### Obituary

Benjamin Franklin Bixby was born at Beaver, Tillamook county, Oregon, February 18, 1885, and died at Newberg, Oregon, March 27, 1922, aged 37 years, one month and nine days.

Mr. Bixby came to Newberg with his parents, Mr. and Mrs. Joseph Bixby, at the age of eighteen and has lived here the greater part of the time since then. He was married in July, 1914, to Eleanor Cornick, and to this union one son was born, who is now seven years old. The wife passed away one year ago at the exact day and hour at which death occurred to the husband and father. The deceased leaves besides the little son, a father and mother, Mr. and Mrs. Joseph Bixby of this city, a brother, Roland Bixby of Newberg, and three sisters, Mrs. Beatrice McConnell of Centralia, Washington; Mrs. Lellia Evans of Salem, Oregon; and Mrs. Harriet Tackman of central Oregon.

## SEE JACK HOLT'S HIGH DIVE IN "THE CALL OF THE NORTH"

Diving twenty-five or more feet into icy water at Mammoth, California, fully dressed in a heavy fringed buckskin suit, was one of the feats accomplished by Jack Holt, in his first Paramount star picture, "The Call of the North," which will be the feature at the Baker Theatre for two days beginning Wednesday next.

The scene shows a rescue, wherein Holt brings Francis McDonald safely ashore, the latter having taken a backward dive from the side of a rocky cliff, a distance of fifteen feet.

The water was extremely cold. As soon as the scene was made the actors hastened to the fire kindled for the purpose of drying them out. But the inexperienced "fireman" built his fire on top of the cliff where the wind blew from all four quarters at once, seemingly, and the drenched star and his companion in misery were pretty well chilled before they were dried out.

Joseph Henabery directed the picture, which Jack Cunningham adapted from the play by George Broadhurst and the book "Conjurer's House," by Stewart Edward White. Madge Bellamy, a charming actress, is leading woman. The supporting cast which includes Noah Berry, Edward Martindel, Helen Ferguson and Jack Herbert, is quite adequate.

### MUSIC RECITAL

Pupils of Miss Jessie Britt will be presented in recital on Monday evening, April 3, at the Presbyterian church, beginning at 8 o'clock. Vocal numbers will be given by Miss Edith Sanderman and Miss Della Parrish. Admission free. The public is invited.

If you are not a regular subscriber to the Graphic, you may miss something important some time. Better subscribe and make sure you get every copy.

## MISS OLIVE PERKINS MARRIED CHESTER CURRY IN PORTLAND

The wedding of Miss Olive Perkins of Newberg and Chester Curry of Portland was an event of Thursday, March 23, at the home of the bride's sister, Mrs. F. W. Bilyeu, in Portland. Rev. Roberts officiated in the presence of about twenty-five relatives and friends.

The decorations were daffodils, and the color scheme of yellow and green was carried out in the refreshments which were served by Miss Minnie Johnson, Mrs. Lela Taylor and Helen Margaret Bilyeu and Helen Curry.

The bride wore a beautiful traveling suit of blue and tan and a corsage bouquet of roses, lilies of the valley and forget-me-nots, and was attended by her sister, Mrs. J. W. Curry, as matron of honor. J. W. Curry, brother of the groom, acted as best man. The bride, who is the youngest daughter of William Perkins of Newberg, has spent most of her life in Newberg and Portland and the groom has made Portland his home the greater part of his life.

After a trip to Puget Sound points they will take up their residence in Portland, where the groom is the assistant manager of the Pacific Press.

Relatives attending from Newberg were Mr. and Mrs. J. W. Curry, Mrs. Minnie Owen, Herbert Owen, William Perkins and Harry Perkins.

## MRS. STULTS PASSED AWAY IN NEWBERG LAST SATURDAY

Ruby Bernice Miller, daughter of Will and May Miller, was born near Seio, Linn county, Oregon, the 14th day of October, 1892. Death came March 25, 1922. She was united in marriage to Fred Lee Stults, August 26, 1920, at McMinnville, Oregon. She leaves her husband, who lives at Newberg, baby Miller Donald, her mother and one brother, Dale W. Miller of Hopewell.

Ruby's younger life was spent near Hopewell, where she was graduated from the grade school. Later, June 5, 1914, she received her diploma from McMinnville high school. Choosing nursing as her profession she entered training at the Salem hospital for nurses, receiving her degree May 26, 1917. Her duties took her to various places and homes, where her success depended on her thoroughness, her ability, her comprehension.

Ruby grew to womanhood among us. All that is termed life seemed hers. So active, so full of the spirit of animation that stirs and moves all surrounding things, so tireless when it came to doing justice to a cause.

She seems to be gone, yet she is in us and with us, as each person here will testify—every heart is beating, sending through our minds the name we loved to speak. What is a life that it should not continue to exist? Nothing is lost in nature, so the thoughts, the kindnesses, the companionship, the friendliness, the purposes of a life must continue among us after the form is resting.

We are grieving today because each feels a profound loss. We are grieving because a dear baby boy is bereft of the caresses, the tender touches, the kindly suggestions of a mother. Our hearts ache for him, to whom she gave all, for the two mothers, the one who gave her life, the one who is caring for the life she left.

No attributable cause is known for her death. God said come, and Ruby entered.

If all lives were as noble and pure as the one just passed, no country need fear of its ideals being sullied.

Rest, our friend, your pain is over, your duty done.

Funeral services were held at the Hopewell church under the direction of the Rev. M. A. Marcy of McMinnville.

### A SURPRISE SHOWER

Miss Esther Gustin was delightfully surprised Wednesday evening at her home in Rex by a party of young ladies from Newberg, who tendered her a shower in honor of her approaching marriage to Mr. Lester Wright of this city, which will be a pre-Easter affair.

Many useful gifts were received by the bride-elect, as well as much good advice as to the care and training of a husband. Ice cream and cake were served for refreshments.

Those present were: Mrs. Elmer Hodges, Mrs. Clarence Klenke, Mrs. Q. M. Kelling, Mrs. Howard Elliott, Mrs. F. D. Frost, Miss Isabel Frost, Miss Mabel Hornbrook, Miss Helen Winters, Miss Leota Howard, Miss Ruth Gridley, Miss Ona Gustin, Miss Esther Gustin, Mr. and Mrs. Frank Gustin.

### FEDERATION MEETING

The Yamhill county community federation will meet at Unionvale hall, six miles south of Dayton on the river road, on Tuesday, April 4, 1922, at 8 p. m. A good program is expected, together with the usual business and country cats. Be sure to come. L. L. Thornton, secretary.

### First Rubber Tires

The original process of making rubber tires consisted in dipping the India rubber in melted sulphur and then heating it to nearly 300 degrees Fahrenheit.

## COUNCIL VOTES PAVEMENT ON RIVER STR.

### "CLEAN-UP DAY" IS DESIGNATED

Standard Oil Representatives Fail to Get Lower Franchise Fee Granted Them

The city council met Monday evening in an adjourned session with Mayor Calkins, and Councilmen Blanchard, Fitzpatrick, Moore, Ormond and Zunwalt present. The city attorney, city recorder and city marshal were also on hand.

Representatives of the Standard Oil Co. were on hand and made a request that the franchise fee put on the oil trucks be reduced from \$120 a year to \$40. One gentleman acted as spokesman and he stated that they had not been asked a truck license in proportion to this in any town. He cited several California towns and said that they were willing to pay in proportion to what others were charged. Mayor Calkins spoke in behalf of the council in favor of the franchise fee as set, and gave as his principal argument the fact that the city must raise its revenues from some such sources and that as the oil companies did not pay towards any of the many donations which were solicited from the local business institutions, they felt they should not object to paying this. Councilman Ormond moved that the franchise fee be left as it stood and this motion was carried.

W. H. Dean then appeared and asked the council to grant him a water tap on his ranch near the city spring in exchange for which he would agree to allow the city to traverse his land in connection with maintaining their water line. This was referred to the water committee.

The city marshal was instructed to see that various designated properties around town were cleaned up. The council voted to name Wednesday, April 5, as Clean-Up Day and a notice to this effect is published in this issue of the Graphic.

A communication was read from the Anti-Saloon league requesting permission to show moving picture films in the city, but as the request was not in accordance with the city's fire regulations, the question was tabled without action.

C. H. Shunter of Dundas made application for a franchise to operate an auto for hire through Newberg one day a week but the council took no action regarding the application. The city attorney was authorized to draw up a resolution providing for the improvement of Howard street between Fourth and Fifth streets, which is that block adjacent to the city tourist park. It is proposed to bring this street up to grade and gravel it.

Henry Chase was present and asked the council what they expected to do regarding the paving of River street. Upon motion of Councilman Zunwalt, which was seconded by Councilman Fitzpatrick, the city attorney was ordered to start proceedings looking towards the paving of River street. In connection with this discussion, the question of extending the city limits to the river bank was taken up but no action was taken on the matter.

The city attorney presented an ordinance dealing with the re-warding of the city to make the various wards comply with the change made in the voting precincts as defined by the county. The change affects only what was Ward No. 4, dividing this ward in two. This ordinance was read three times and put on passage and passed.

The council adjourned to meet next Monday night.

### IMPERIAL HOTEL CHANGE

The Imperial Hotel, which has been operated by a Mrs. Becker for several months past, changed hands last Saturday when Mr. N. B. Nelson of Portland acquired the hotel and took possession. Mr. Nelson is a very pleasant man to meet and is an experienced hotel man, having been engaged in this line of business for many years. For the past several months he has been running the Chamberlain hotel in Portland, and prior to that time was in the same business at Seattle. Mrs. Becker has moved to Portland. Mr. Nelson states that he has not outlined any definite plans for the running of the hotel as yet but no doubt the people of Newberg will find it a first-class place to eat, while the traveling public will find it equally good in other accommodations under the management of Mr. Nelson.

### BIRD HOUSE EXHIBIT

If you want to see original and wonderful architecture, visit the bird house exhibit at the grade school, April 4, at 3:00 p. m. The children are not competing for a reward other than the friendship of the birds. It started as a challenge from the 2B room to see who could win the most friends and has grown to the proportions of an exhibit. The 3B class in the library has at present the largest number, about eighteen, but many more are in the making. The children will be only too glad of the encouragement your presence will give. No charge.

Tell your friends how much you enjoy reading the Graphic.
