 This is the time to plan war on the destructive squirrels and gophers. Frank Keyes and E. S.  A meeting of the Dundee Memorial Park association was held at the library on Friday evening. Outstanding bills were ordered paid and plans for the spring work formulated. It was decided to have a "park bee" when the weather permits, the men to be ready for work and the women to have a picnic dinner ready at noon. Every citizen of Dundee is asked to have the occasion in mind, and plan the spring work in such a manner that he and she can give the day to beautifying the spot Dundee

has set aside in loving tribute to our boys, who represented this district in service to their country in its time of need.
 Once more Dundee has shown her patriotism and loyalty to ideals as well as her appreciation of the American Legion and all it stands for by the splendid way in which she has responded to the appeal for help in financing the Newberg community building which the boys are sponsoring. If every nearby community will do as well per capita as we have done the building will be assured.
