CHEHALEM MOUNTAIN

Mrs. Finigan and her mother called on Mrs. Ed Wohlschlegel Wednesday. Mrs. Jones and son, and Allen Lane visited Sunday at the C. W. Sinniger home. Mr. Williamson, Herman Ricer, and E. V. McDougall were Newberg visitors Wednesday. Mrs. C. W. Sinniger and Mrs. Will Kurtz were Tuesday visitors at the J. P. Jones home. The P. P. Kohl family came up and stayed all night Monday night with Georgia and Merle McDougall. Mrs. Dodd from Sandy, Oregon, is visiting this week at the home of her son-in-law, E. V. McDougall, and wife. Mrs. Will Kurtz from Hood River has been visiting at the Will Hazenbergs home this week. She will return home Thursday morning. Will Hazenberg and Mrs. Moody were married Sunday at the C. E. Skelton home. A charivari was held Monday night. We were disappointed that we were not here to help along the noise. When we started for Tillamook Wednesday we expected to be back Sunday at the latest, but two tons of powder were exploded in a bluff on Farmer's grade to widen the road so that traffic was held up for a few days. So rather than wait any longer we came home around by Seaside, Astoria, and Portland, making the trip home in eleven hours. It's a fine trip, lots of nice scenery and best of all fine roads. We had more trouble going from Newberg up the mountain than on all the rest of the trip, as the rest of the trip was made without chains. This is a season of low tides, so we got a nice lot of clams to can.

SUNNYCREST

Portland friends were Sunday visitors at the C. W. Graves home. Mr. and Mrs. C. W. Graves and Mr. and Mrs. Hobson made a trip to Portland last Monday. Mr. and Mrs. D. R. Dillinger report they are well settled on their place in the Red Hills. Mrs. Sherwood and small son from Alsea were visitors with Mrs. C. A. Crater, their aunt, last Wednesday. Mr. and Mrs. Al Namitz entertained several of their friends and relatives at a Sunday dinner last week. The past few days has been spraying time. The entire community has the sweet (?) aroma of lime-sulphur. If you are affected with "diggers" go down and get poison next Saturday and help the Farm Bureau with the "Kill the Squirrel Week." C. W. Bradshaw has been appointed as project leader in berries for the Farm Bureau. If you want to know anything in any line of berry business see him. Last Saturday evening several of the friends of Miss Edith Alspaugh and Glen Parks gathered at the Alspaugh's to help them celebrate their birthdays. That is, their birthday was past some time but at that time everyone was under the weather. The celebration was late but none the less enjoyable. Delmer Hall entertained his friends and neighbors at his bachelor quarters last Saturday evening. Everyone reported an excellent time, unless the exception be made of one horse that seemed to resent being driven through such roads at such wee hours. But all others declared Delmer a good fellow and are anxiously awaiting the next time. Gene Hubbard made a trip to Portland last Tuesday, accompanied by Mrs. Hubbard, his mother, Mrs. W. H. Hubbard and Mrs. C. K. Hubbard. They were visiting Mrs. K. C. Hollingsworth, Mrs. W. H. Hubbard's mother, who is in the hospital. She underwent an operation for a growth that appeared on her neck.

Friday afternoon Mr. and Mrs. Charles Sallee and Mrs. William Carter went to Newberg and while there they visited with Frank Deach, who is in very poor health. Nicholas and Gus Zenzen of Ray Bell were visiting their sister, Mrs. George Wenger, Sunday. Other Sunday visitors were Mr. and Mrs. Frank Lowe and Delmer Hertig. Miss Vera Davenport and Miss Carmen Pattison of Portland and Mr. and Mrs. Roy Curtis of Vancouver, Wash., visited with Mr. and Mrs. Walter Pattison over Sunday. Mrs. Curtis and Miss Davenport are cousins of Mrs. Pattison. Mr. and Mrs. Robert Cook and family of Chehalis Center, Mr. and Mrs. N. P. Nelson and family of West Chehalis, Mr. and Mrs. Arthur Lyons and son, Wallace, Mrs. Annie Sallee and daughter, Eva, were Sunday guests of Mr. and Mrs. William Carter.

Butter wrappers printed at the Graphic office. WEST CHEHALEM Ernest Baker was a Sunday visitor of Cyrus Dolph. Mrs. C. W. Smith was out to Sunday school last Sunday. Wm. V. Dolph bought a riding horse from J. U. Smith last week. Mrs. J. Strong was visiting near Oretown with relatives and friends. C. A. Deach visited his brother and family, Frank Deach of Newberg Friday last. Mr. and Mrs. B. F. Yergen were last Sunday visitors of Mr. and Mrs. Henry Hopkins of Newberg. John Purvis of Idaho has purchased a ten acre tract on the White Sox orchard and will build soon. The W. C. T. U. with the ladies aid are working on some quilts for the children's farm home, near Corvallis. J. U. Smith is assessing in the neighborhood now. By way of comment, we trust the Tax Reduction League has not met in vain. Mrs. Rostrad of Portland was a visitor of Mr. and Mrs. Henry Amoth and family Tuesday and Wednesday. She is Mrs. Amoth's mother. Mr. and Mrs. Virgil Fendall and Charles Keith, Miss Jones who is Mrs. Fendall's sister, and Mr. Shannahan,

all from McMinnville, motored to E. G. Fendall's Sunday afternoon. Many friends here of Barnett Roe, who was president of West Chehalis Farmers Union, may be interested to learn that he has recently undergone a serious operation in a Portland hospital and at last accounts was not getting along so well. "Mrs. Helen A. Follett and daughter, Miss Mary, and grandson, Frank Follett, all of West Chehalis, Oregon, are here visiting the family of J. E. Meek. The party has been touring the south visiting friends and relatives. They have travelled 7,300 miles through California, Arizona, New Mexico, Texas, Oklahoma, Kansas, and Missouri. From here they will tour Iowa, Colorado and Wyoming enroute home. They will visit friends. Mrs. Follett is a sister of Mrs. Sarah Follett, formerly of this city. She is eighty-one years old and is enjoying the trip greatly. She is a great aunt of the Meek girls of this city and Mrs. Woolsey of Breckenridge. The tourists are driving a Dodge car and had no trouble until they struck the Missouri mud." The foregoing was taken from the Chillicothe, Missouri, Constitution. SPRINGBROOK Mr. Carlisle is leveling and dragging the roads in this vicinity. Miss Mabel Rush of Newberg was a Sunday guest of her sister, Mrs. Newhouse. Mrs. Elliott and little son have left for a visit at their former home in Indiana. A program is being prepared by the Sunday school for presentation Easter Sunday. Mr. and Mrs. C. D. Childs and family of Salem visited friends and relatives in Springbrook Sunday. Lisle Hubbard and family returned to their home in Marion last Saturday after a visit with the home folks. Mr. and Mrs. A. R. Mills, accompanied by Mr. and Mrs. J. Fullerton, motored to Woodburn Sunday to visit their son Paul, and family. DUNDEE Mrs. Eitzweller and her sister, Mrs. Hardwick and Miss Stella Hardwick were weekend guests at the Frank Keyes home. The regular monthly meeting of the Parent-Teachers association was held at the school house on Tuesday. The next meeting will be on the first Tuesday in May. W. E. Andrus was the first Dundee boy to open the swimming season. Otterbrook was nearer than the river and well suited for the sport considering the date, April first. As to his reason for choosing that particular place and the date, perhaps Jessie and Tony, the team of plowhorses he was taking across the creek, could furnish the answer. Mrs. Charles E. McAbee, for many years a Salvation Army worker, conducted religious meetings in Dundee last week and occupied the pulpit on Sunday morning. She is the mother of Dundee's pastor and found a warm welcome here. Mrs. McAbee is an earnest, soulful woman, consecrated to a life of service, a forceful speaker, and possessing a beautiful slinging voice. Her services here were appreciated. The sympathy of the whole community and especially of the Red Hills neighbors is extended to Mr. and Mrs. Newton Bailey, whose little daughter, Virginia, passed away on Tuesday evening. She was one of the most beautiful babies we have ever had in our midst and she had a little corner all her own in every woman's heart in the community. Her brief stay on earth will be held in memory as a particularly bright little sunbeam loaned to us for a time. John Workman was out to his Dundee property, Sylvanus Spring farm, for the weekend to tie up his loganberries ready for the spring plowing. Joe Mulligan came with him and enjoyed renewing acquaintance with Mr. Workman's neighbors. Mr. Workman spent three months in California this winter and reports that on the day he left Los Angeles, February twentieth, the rain was simply pouring down. The policemen were attired in hip rubber boots, rubber coats and sou'wester hats. One ray of sunshine through the storm was the privilege the policemen were enjoying of carrying the pretty girls, who had to reach their places of occupation on time, across the flooded street from the cars to the curb. In San Diego the nasturtiums were in bloom all winter, unharmed by the cold, but in Los Angeles and other California cities visited there were none of the usual winter flowers. He saw several orange and lemon orchards damaged by the frost.

ALL NIGHT service at McCoy Bros. garage. 2711. RESOLUTIONS FAVOR UNIVERSITY AND O. A. C. University of Oregon, Eugene, Apr. 3.—Any interference with the millage tax for support of the University of Oregon and the Oregon Agricultural College was deprecated as against the best interests of the state, in a resolution unanimously passed by the Oregon state association of commercial organization secretaries, at their annual meeting just closed on the university campus. Secretaries of commercial clubs and chambers of commerce from more than twenty cities of Oregon were present at the convention, which included, as last year, a short course in subjects connected with the community secretarial work. Following is the text of the resolution passed: "Realizing the inescapable connection that exists between sound education and the public prosperity and well-being, and "Believing that Oregon's future increase in material wealth and development of an environment favorable to desirable standards of living are in a great degree dependent upon the

STATE CHAMBER COMMERCE IS HELPING COMMUNITIES. McMINNVILLE WOULD REVIVE THE YAMHILL COUNTY FAIR. Plans for the county fair this fall have been resuscitated and action for or against will be taken at the meeting of the county federation of clubs. William Liljequist, who is on the committee, said that he believed that for this year at least the armory could be secured to house the exhibits. He is of the opinion that an organization should be formed, duly incorporated and grounds secured so that the fair would have a regular place in the activities of the county. The Berrians of Newberg, have passed resolutions favoring the county fair, and have asked recognition on the board of directors. Newberg can do much to make the fair a success and is entitled to representation, and other sections in that part of the county are also entitled to representation. These matters will be arranged after it is decided to hold the fair.—News-Reporter. CARD OF THANKS. We wish to thank all who sought to lighten our sorrow by words and deeds at the time of our recent bereavement. Mr. and Mrs. Arthur Titus. Does advertising pay? Ask the man who advertises. The business houses that fail don't advertise until the sheriff makes them. tf
