

WITH THE CHURCHES

CHRISTIAN SCIENCE SOCIETY
Christian Science Society holds services every Sunday morning at 11 o'clock and Wednesday evening services at 8 o'clock at 104 South College street. The public is cordially invited to attend these services.

FRIENDS CHURCH
Sunday school 9:45; Asa Sutton, superintendent.
Christian Endeavor 7:00 p. m.
Morning worship, 11 a. m.
Evening meeting, 8 p. m.
Fred E. Carter, pastor.
Welcome.

FREE METHODIST CHURCH
H. E. Kreider, pastor; residence 508 Grant street; phone Blue 70.
Sunday services—Sunday school at 10 a. m. Preaching by the pastor at 11 a. m.
Young people's meeting at 7:00 p. m.

NAZARENE CHURCH
E. J. Lord, pastor, residence 900 Fifth st. Phone Blue 175.
Sunday School 9:45 A. M.
Preaching at 11 A. M. & 8 P. M.
Prayer meeting Wednesday evening at 8:00
Young Peoples Meeting, 7 P. M. Sunday.

BAPTIST CHURCH
Rev. W. H. Cox, pastor, residence 315 College street; phone White 115.
Sunday morning—Sunday school 9:45; Ralph Gray, superintendent.
Preaching service at 11:00
Sunday evening—B. Y. P. U 7:00.
Miss Florence Nye, president.
Preaching service 8:00.
Wednesday—Prayer service 8:00 p. m.
Thursday—Choir practice, 8:00 p. m.

You are cordially invited to these meetings; here you will meet God, interpreted so that you may grasp Him and His works. If you are unsaved, come and let us direct you to close companionship with Him. He loves you and desires your company. Bring your children to Sunday school.

METHODIST CHURCH
Services 11 a. m. and 8 p. m.
Rev. Oscar Huddleston, returned missionary from Philippines will preach at the 11 o'clock service, the pastor preaching in the evening.
Sunday school at 9:45, C. E. Newhouse, superintendent.
A class of young men has been organized with Mr. Gibson as teacher pro tem. Come and join us. We want you to be a charter member. We have secured the finest place in town for a class room. It will accommodate 75 or more. We urge all young men not connected with other Sunday schools to unite with this bunch of "Go Get 'Ems." Come to the church Sunday morning at 9:45 and help us to organize this young men's class.
Epworth League at 7:00 p. m. This service keeps up remarkably well for the summer months.

PRESBYTERIAN CHURCH
Sabbath, July 9, at 9:45 a. m. Sabbath school. Our motto: "Superior work and Christian Life. Bible classes for all. Superintendent, Simon Sanderman.
Morning worship at 11. Good music. Superior and true Bible services and messages. Pastor Lee's topic, "No Neutrality;" Mat. 12:30.
Y. P. S. C. E. at 7:00; "Blessings of Freedom;" Jno. 8:31-36. Mr. Sanderman.
Evening worship at 8:00. If the weather is uncomfortably hot the service will be held in the cool basement. Pastor's message, "What Is the Kingdom?" All our people and friends urgently invited to hear this address.
Pastor Lee expects to be at the Synod from Monday morning to Saturday, meeting at the library of the O. A. C. at Corvallis. The usual Wednesday evening mid-week service will be omitted this time.

CHRISTIAN CHURCH
Because of the intense interest manifested in the revival meetings it was thought best to continue another week and to conclude on Sunday evening next. At the close of last Sunday evening's service the total additions to the church were

forty-five. This is as large a number as has been added at any one meeting to the church since its first revival and inception. The Bible school attendance has increased most encouragingly and it is certain that further efforts will have to be made to provide increased equipment to keep pace with the growth. The cradle roll contest ended with a total of 47 names added to the roll. This splendid result is the work of Leona and Lucille Smith, Helen Wright, Mabel Fortune and Violet Kilgore.

Special membership rally on Sunday morning. Every member out. Sermon by Brother Ross, "Love Glorifying the Gift." A fine concert and final sermon in the evening. "The greatest Book in the world." Mr. Ross has brought some of the finest and strongest sermons to this town and it is said that this sermon on the Bible is one of his best. He is a lover of the Book and believes it to be the Word of the Living God. All those whose faith has not been shaken will want to hear this. Any who have doubted the fact of the divine character of the Bible should hear this sermon and those who do not believe in the Bible as God's word will do well to acquaint themselves with the facts that Mr. Ross will present in his sermon.

The contest for new members in the intermediate C. E. society which meets at 5 p. m. is still in full swing and many new faces will soon be seen in the ranks of these exceptionally wide awake young people. The seniors meet at 6:30 and all who attend are assured a hearty welcome and a fine time.
Sunday, July 16, begins the union meetings in the park. Members of this congregation will feel themselves obligated to assist in making them a success. As a people we plead for unity and harmony and we are happy at any opportunity of cooperative work in the interest of Christ's kingdom. The program outlined by the ministerial association is a good one and needs but the backing of the church members to make it a huge success.

PROHIBITION FACTS
Reviewing the past fiscal year of Commissioner Haynes' administration as federal prohibition commissioner, Director Joseph A. Linville invites public attention to the fact that only 2,627,333 gallons of whiskey were withdrawn as compared with 9,696,122 gallons the previous year, and 16,491,303 gallons of alcohol and other distilled spirits withdrawn as compared with 24,856,388 gallons withdrawn the previous year; that 1,216 cases were reported by general prohibition agents, taxes amounting to \$17,102,234.24 were recommended, and fines and penalties amounting to \$2,159,419.39 were imposed. Three and one half million dollars worth of bonds were placed in suit, or proceedings begun. Reductions in rentals and disposition of seized property in the amount of \$208,832.50 were effected, and an additional saving of \$156,900 otherwise effected. Under the narcotic laws, 2,195 violations were exposed, resulting in 1,109 convictions and \$64,053 in fines and penalties.
Numerous changes in reorganization took place. Enforcement work has been vested in state directors and a mobile force of general agents under sixteen divisional chiefs directed from Washington created; a special group was designated to prepare all criminal informations, indictments, injunctions, libels and search warrants, and concentration of claim work resulted in specialized clerks and expedition of work. One set of reports and accounts are now required for distillery and bonded warehouses instead of three as heretofore.
With a view to reducing the number of permits, all applicants to operate as wholesale druggists are doubly checked, and reports of state inspectors are verified by reinspection by division pharmacists. Manufacturers and wholesale dealers are required to give a monthly accountability of all drugs received, manufactured and sold. Forgery-proof, non-transferable permit forms effectually prevent fraudulent withdrawals.
To expedite prosecutions, all cases are reported monthly to the central office, then to the department of justice for supervision and preparation for speedy trial.
The service utilizes submarine chasers, speedy motor boats and airplanes.

UNION SUNDAY EVENING SERVICES BEGIN JULY 16
At the meeting of the city ministerial association, on Monday, arrangements were completed for the union Sunday evening services in the park for the dates July 16, 23, 30, and August 6, 13 and 20. The committee on seating is Mr. Carter. The different choirs are requested to take the lead and the whole charge of the music as follows: July 16, the Methodist choir; July 23, the Friends choir; July 30, the Presbyterian choir; August 13, the Baptist choir; August 20, the Free Methodist choir. The ushering is to be seen to each Sabbath evening by the pastor who conducts that evening. No announcement will be made of who is to conduct, and who to bring the message, except in the service itself. The great fundamental teachings of the Word and the divine Master will be presented. Everyone is requested to cooperate in prayer and effort to make these park services a great blessing and success.

INSURE with the Oregon Fire Relief Association and keep your money at home.

WOULD HARNESS HEAT OF KILAUEA

Borings in Volcano Suggested to See if It Can Be Converted Into Power.

EXPERTS SEE POSSIBILITIES

Tentative Plans for the Experiment Embrace at Least 50 Borings to Provide Thermal Map of Hot Belt of Volcano.

Honolulu.—An immediate start on experimental borings in the bed of the active volcano of Kilauea, on the island of Hawaii, to determine whether the heat of the volcano can be harnessed and converted into electrical power, was urged by Dr. T. A. Jaggar, director of the Volcano observatory, at the annual meeting of the Volcano Research association here.
Doctor Jaggar said that tentative plans for the experiment embraced at least 50 borings so located as to provide a thermal map of the hot belt of the volcano. The first boring would be sunk to a depth of 200 or 300 feet in the center of the crater, with the others at 50 to 100 feet deep, depending upon the nature of the resultant discoveries.

Borings in Lava Beds.
Most of these borings will be made at the source of old lava flows.
The meeting, commemorative of the tenth anniversary of the founding of the research association, decided that the borings should not be made until subscriptions totaling \$8,000 had been obtained to defray the expenses. Of this sum \$7,000 already has been donated.
Doctor Jaggar also recommended the construction of a practicable pack trail to the summit of Mauna Loa, 14,000 feet above sea level. Kilauea is situated 4,000 feet above sea level, on the slopes of Mauna Loa. Doctor Jaggar said that he expected a summit outbreak of Mauna Loa, in the crater of Mokuaweoweo, next year, or in the year 1924, as nine years will have lapsed then since Mauna Loa's last activity.
Wants House for Scientists.
He also urged the construction of a house at the summit in order that scientists might be quartered there in anticipation of this outbreak, as nobody has been known to have witnessed the first stages of one of Mauna Loa's activities.
Previously attention has always been attracted to the outbreak at the summit by the reflection in the clouds above of the glow of the boiling fire fountains which had risen through the summit crater. The board of directors endorsed this suggestion.
Doctor Jaggar's report reviewed the work of the research station on the brink of Kilauea volcano and the activities of the association.

TAKES MAN'S LEG FOR BOARD
Landlady Steals Artificial Limb of Joseph Bonarsky When Bill Runs Too High.
Philadelphia.—A wooden leg, an irate landlady and a board bill of \$24 caused Joseph Bonarsky, the boarder who "forgot" to pay, to hobble into the Second and Christian street police station, using a frayed broom as a crutch. He told the desk sergeant that his landlady, Mrs. Julia Snyder, of 835 South Front street, had taken his wooden leg from him while he slept. He demanded its return.
"She took it," Joseph said, "as security for a board bill. The leg cost me \$150. And I hid \$10 in it before I went to bed."
Police were sent to bring Mrs. Snyder and the leg to the station house. "He owes me \$24 for three months' room and board. I only took the leg for security," she said.
Joseph finally unraveled paper and silver money from various parts of his clothing and upon giving this to Mrs. Snyder he received his leg.

NEW SWEDISH POSTAL BANK
Minister of Communications Proposes That Government Unite Two Departments.
Stockholm.—A postal checking account system whereby the Swedish post office department will be enabled to do a limited commercial banking business is proposed in a bill recently submitted to the riksdag and sponsored by Anders Oerne, minister of communications. The bill also provides that the present postal savings department be merged with the post office service.

Organize Wild Life League.
Clarksburg, W. Va.—Organization was perfected here of the Wild Life League of West Virginia, designed to foster fish, game and forest protection.

Wife Valued at 6 Cents by Jury in Suit for \$50,000
New York.—Damages of six cents for the alienation of his wife's affections were awarded to John H. Stein by the jury trying his \$50,000 alienation suit, brought against Edgar H. Kane in the Hackensack, N. J. court. Five women were on the jury.

Box 402, Newberg, Oregon, or phone Black 146.
All work guaranteed. Builds all kinds of cement curbs and vaults, and grave covers. Lots and single graves cared for by the year.

You may increase your engine power 20%

Too heavy an oil, or one lacking in certain qualities, may reduce the power delivered to the wheels of the automobile as much as 20%.
The ideal oil is the thinnest oil which will keep the bearing surfaces of the mechanism separated.
Providing this oil has "oiliness," stability and purity, it will give perfect lubrication, and permit the development of the maximum power, speed and gasoline mileage of the car.
"Oiliness" — Stability — Purity
Zerolene meets the conditions perfectly. It has great "oiliness," due to the crudes from which it is made, and our own patented process of high vacuum distillation.
It has great stability, as a result of which it resists engine heat and forms only a minimum of carbon of a soft, flaky nature which blows out with the exhaust.
And it is pure. This company has always considered the removal of all detrimental properties and compounds as essential in making Zerolene.
Zerolene of the correct grade gives perfect lubrication and permits the development of the maximum power, speed and gasoline mileage of the car.
