**GREETINGS FROM OHIO**

Well, here I am at the end of my long journey over rivers, valleys, hills, mountains and plains. I made my first stop at the beautiful city of Longmont, Colorado, where I spent two weeks with my daughter and many old time friends. From there they took me to Denver in their car where I visited more old time friends. Had a chance to go to the wonderful McPherson meetings but didn't go.

From Denver I went to Wakeeney, Kansas, and visited with my son and his family. I left there at midnight for Kansas City, Mo., arriving there at 9 o'clock next morning. My son, who lives in St. Joseph, Mo., met me in Kansas City. We took a sight seeing jitney and made a tour of the most beautiful and fashionable part of the city, after which we went to a hotel and had dinner. After dinner we went to the auditorium where the big International Sunday school convention was being held. There were several thousand christian workers there assembled to talk over ways and means for making the world a better place for our children and young people to live in.

We left for St. Joe that evening, arrived at my son's home at 8 p. m. tired but happy. St. Joe is a very beautiful and interesting city. It boasts of four meat packing houses, large stock yards, big flour mills, and many other industrial plants too numerous to mention.

I also visited the house where Jesse James, the great outlaw, lived at one time. Then I went through the finest and grandest old church it had ever been my privilege to see. Stood high upon the banks of the Missouri river and watched the muddy water roll down in great waves.

On Sunday, June 25, I went to hear my son preach. His text will be found in Luke 19:19. "Zaccheus make haste and come down for (today) I must abide with thee." It was a wonderful sermon to me. At 2:30 p. m. of the same day, we started back to Kansas City again, as Arthur was a delegate to the convention. At 6 p. m. I left Kansas City and started on the last lap of my trip. When I awoke next morning I was nearing the city of Chicago—crossing two states in the short time of 16 hours. It was nice to travel so far while resting in bed most of the time, but was sorry to have been asleep while crossing the Mississippi river.

I changed cars in Chicago, took the Pennsylvania train for Upper Sandusky, Ohio, where Lloyd and Arlene met me. There a 12 mile drive to their farm home, where I soon made friends with their 3000 White Leghorns. Tired again, but still happy, and glad to be alive. That same evening we listened to a radio concert from Detroit, Michigan, here in Ohio.

We are planning on going to Marion the Fourth to see the President and to be at the big centennial celebration to be held that week in Marion, the home town of President Harding.

But with all the beautiful country I have seen and all the joy I have had in visiting with my children, grand children and old friends, there has always seemed to be a silver chord running from my heart straight back to my little home in the Red Hills and to another one called Valley View, also to friends in dear old Oregon.

Mrs. W. R. Dillinger.

**ROUND-UP AT PACIFIC CITY**

A two day round up, featuring a number of the best known men and girl riders of the west will be staged by Everett Wilson, well known showman, at Pacific City Beach, Saturday, July 15, and Sunday, July 16, according to Mr. Wilson.

Mr. Wilson, himself a contender and veteran of the Pendleton Round Up, is bringing with him in carload lots his large string of trick and wild horses, many of them just off the range. Fifteen or twenty prominent men riders, headliners in their profession, will be with him, prominent among them are Red Pruett and Dorothy Steen, girl fancy and trick riders, who have been so well received at the large rodeos of the country will be on hand in the roping and bucking contest.

To make the intermission between shows pass as pleasantly as possible and to lessen the expense of those in attendance a free clam bake and barbecue will be held.

Pacific City Beach is located in Tillamook county and is the nearest beach to Portland and centers of population of the Willamette Valley. It is reached by auto via McMinnville or by stage running via McMinnville from Portland. It is said this beach combines more in the way of natural attractions than any other beach on the Oregon coast. A beautiful river parallels the ocean within 500 feet. Cape Kiawanda located there is one of the scenic attractions of the west. Beautiful groves sheltered from the sun and wind offer ideal camping grounds. All kinds of salt and fresh water fishing abound as well as clams, crabs, rock oysters and mussels. At the present time the Chinook salmon are running in large numbers. A visit to Pacific City beach will repay one regardless of the big show staged there.

**Growth of Finer Nails**

The growth of the nails on the right hand is in most people more rapid than those on the left hand. Another curious point is that the rate of growth of the nail depends directly on the length of the finger; thus, the nails on the two middle fingers grow more rapidly than those on the first and third fingers respectively, and these in turn are more speedy in growth than those on the little fingers.

Heavy mud stains can be quickly removed from tan shoes by rubbing them with slices of raw potato. Polish in the usual way when dry.

**FEDERAL RESERVE FIGURES SHOW RETURN OF NORMALCY**

The summary of the business and agricultural conditions as reported by John Perrin, chairman of the board of the twelfth federal reserve district for the month of May is most encouraging. The report is too lengthy to give in full but the following excerpts will be of interest.

"In May for the first month this year the dollar value of sales of 32 representative department stores and mail order houses was greater than in the corresponding month a year ago, sales in May, 1922, being 15.5 per cent greater in value than in May, 1921.

"Since January of this year there has been a steady increase in the production of lumber in this district, and in May, reporting lumber mills operated at 100 per cent normal capacity for the first time in two years. Orders received exceeded the output and unfilled orders on hand at the close of the month were nearly twice as large as one year ago.

"Reported increases in the industrial activity are confirmed by increased sales of electric power for industrial purposes. The most noteworthy improvement is reported in the intermountain district.

"The crops of the district made favorable progress during May, and normal yields are expected in most sections.

"The banking situation changed little during the month. Rediscouunts with the federal reserve bank, both city and country member banks were reduced, the total on June 14th being \$1,255,000, or 2.9 per cent less than on May 10th.

"Building activity continues at record figures, the number of permits issued during May having been exceeded only in one month, October, 1921. Permits issued were 32.1 percent greater in number and 59.1 per cent greater in value than in May, 1921.

"Business failures were less in number in May than in April, but liabilities were greater. Compared with May, 1921, the number of failures increased 14.5 and the amount of liabilities 27.3 per cent. Saving deposits in the principal cities of the district have increased in each of the past seven months except April, and on May 31, 1922, were 4.4 per cent greater than on May 31, 1921.

An old sheet, slightly dampened, placed over mattresses or upholstered furniture when beating is to be done will absorb the dust and prevent dirt from flying to the other furniture.

It will pay you to read the ads.

**SHILOH RELIEF CORPS NO. 28**

Meetings held 2nd and 4th Thursday of each month at 2:30 p. m., in Duncan's Hall, 311 First street.

ANNA BARTHOLOMEW, Pres.  
EMMA L. SNOW, Secretary.

**The New & Better USCO Tire**  
with many improvements

The price remains the same  
**\$10.90**  
for the  
**30 x 3 1/2**

WHEN "USCO" announced its new low price of \$10.90 last Fall, the makers were already busy developing a still greater "USCO" value.

The new and better "USCO" as you see it today—with no change in price—and tax absorbed by the manufacturer.

You'll note in the new and better "USCO" these features—  
Thicker tread, giving greater non-skid protection. Stouter sidewalls.

Altogether a handsomer tire that will take longer wear both inside and out.

The greatest money's worth of fabric tire in the history of pneumatics.
